

## Final BULLETINS

### Daylight Sweeps Made Over Europe

LONDON (CP)—R.A.F. squadrons pounded Axis railways, shipping and other military targets heavily by daylight today in a series of sweeps extending for hundreds of miles over France, Belgium and Holland.

### Soong in Ottawa

OTTAWA (CP)—Dr. T. V. Soong, Chinese minister of foreign affairs, arrived in Ottawa today for conferences with Prime Minister King and other government officials.

### 30 Patriots Slain

LONDON (CP)—A Reuters dispatch from Zurich said tonight that 30 French persons, including 11 women, were shot in Paris Tuesday for writing on walls the slogan "G plus G equals V"—De Gaulle plus Giraud equals victory.

### Down 10 Axis Planes

ALGIERS (CP)—Ten Axis aircraft were reported destroyed in combat today, one by a Canadian, as bombers and fighters of the north African tactical air force attacked German airfields and ground targets.

### To Check Accuracy Of Living Cost Index

OTTAWA (CP)—The Dominion Bureau of Statistics is appointing eight field officers to check the accuracy of figures on which the cost-of-living index is based, it was learned today.

### Hope for Refugees

HAMILTON, Bermuda (CP)—Statements by spokesmen for both the British and U.S. delegations conferring here on the European refugee problem indicated today that a pattern for rescue of at least some of the victims of Nazi persecution was beginning to emerge after three days of informal discussion.

### Jap Thrust Halted

CHUNGKING (AP)—Severe fighting west of the Peiping-Hankow railway in northern Honan province has checked the northward thrusts made by the Japanese apparently in an attempt to dislodge the Chinese from the eastern foothills of the Chungtiao mountains, a Chinese high command communique said tonight.

### M. J. Little Rotary President

M. J. Little was unanimously elected president of the Rotary Club at the annual election of officers, held in Empress Hotel today. Mr. Little will succeed Frank Tutley.

### Rubber Causes Gas Lack

WASHINGTON (AP)—Undersecretary of War Robert P. Patterson was quoted by his aides today as charging emphasis on synthetic rubber had crippled aviation gasoline production, threatening the all-out Europe air assault.

### Negotiate at Plant

WINDSOR, Ont. (CP)—Officials of the Ford Motor Co. of Canada and Local 200 of the United Automobile Workers of America (C.I.O.) this afternoon began negotiations seeking settlement of a sit-in strike involving more than 5,000 workers in two of the company's group of plants here.

Meanwhile, the Windsor Police Commission rejected a request from the company for police assistance in removing sit-in strikers.

# 8th Army Attacks Again With Cold Steel

## Maj.-Gen. Doolittle Volunteers For Another Tokyo Raid

ALLIED HEADQUARTERS IN NORTH AFRICA (AP)—Major-Gen. James H. Doolittle said today that he and other U.S. fliers "want to be on the next raid over Japan," in comment on President Roosevelt's announcement that some of the American fliers captured after last year's raid, had been executed.

"We will drop each bomb in memory of our murdered comrades," he said.

"Our bombs will not be missing their mark."

WASHINGTON—Indignation sweeping the United States at disclosure of the execution of fliers taken prisoner by Japan in the raid on Tokyo a year ago and threats to execute any other fliers captured rose today to heights unequalled since Pearl Harbor.

"This recourse by our enemies to frightfulness is barbarous," were words used by President Roosevelt in announcing the executions.

The President said the State Department's note of protest, conveyed by the Swiss government, had informed Japan that the U.S. government "will hold personally and officially responsible for these diabolical crimes all of those officers of the Japanese government who have participated therein and will in due course bring those officers to justice."

Meanwhile, a threat to execute every United States flier captured during army bombing of Japan was implied in propaganda broadcasts from Tokyo today and it was said Japan would "leave nothing undone to prevent a repetition of the Allied air attack" on the island empire last April.

"And by the way, don't forget America," said an English-language broadcast recorded by the Federal Communications Commission. "Make sure that every flier that comes this way has a special pass to hell and rest assured it's strictly a one-way ticket."

## 'Japan Will Gasp Before 1944'—Nash

WELLINGTON, N.Z. (CP)—Walter Nash, New Zealand minister to the United States, said Wednesday night that the decision "to beat Hitler first" had been difficult to make, but that he believed it was right, and he predicted that by the end of 1943 the Allies will have forces in the Pacific which will "leave Japan gasping."

He added that this did not mean it was necessary only to hold Japan.

That may have been the original policy, Nash continued, but the policy now is to build up material, equipment and manpower to such an extent that Japan would be "shocked" before the year is out.

## British Soldiers Build Church in Desert

Pride of the 8th Army near Tmimi is this church built of rough desert stones—roofed with German-made corrugated iron. The windows are empty oil drums with the bottoms knocked out—pews were once fuel cans.

In contrast with the British attitude is this proof of Nazi barbarity. German bombs smashed this convent near Algiers, killing 15 nuns and wounding three while they prayed.

## Nazis Increase Attack in Kuban, But Efforts Fail

By EDDY GILMORE

MOSCOW (AP)—The Germans kept up unceasing assaults in the Kuban valley of the Caucasus during the night, trying with a great weight of men, tanks and planes to crack the Red Army lines from the southern shores of the Sea of Azov to the Black Sea at Novorossiisk.

All their efforts failed, although in some instances groups of Axis troops were able to reach the first lines of the Red Army's defenses, the Soviet Information Bureau's mid-day communique said.

In one sector, the Germans were reported to have lost upwards of 1,700 men in the last 48 hours.

The German air force, meanwhile, was being engaged in intensive air battles. The two-day score of plane destruction in this sector was reported as 93 to 42 in the Russians' favor.

The feat of Soviet fighters in breaking up German attacks in the Kuban area was matched by Soviet airmen who flew their "adds"—Russian abbreviation for "adds"—Russian abbreviation to designate long distance bombers—in a heavy attack on Tilsit, the east Prussian rail city. The fliers started a blaze seen 100 miles away.

## No Times Tomorrow

Good Friday will be observed as a holiday by the Times. The next regular edition will be issued Saturday.

## Britain May Call U.S. Citizens

LONDON (CP)—Labor Minister Ernest Bevin told the House of Commons today the government is considering the question of inducing United States citizens residing in Britain into the British armed forces.

He said in response to a question that he had taken up with Foreign Secretary Eden the matter of whether the Allied Powers (War Service) Act should be applied to U.S. civilians in Britain.

The Ministry of Labor announced March 24 that under this act Allied nationals of military age, except U.S. citizens, who had not joined their own national forces, would be liable to induction by Britain, unless granted exemptions by their own governments.

## Kiska Bombed 10 Times in Day

WASHINGTON (AP)—United States army planes bombed and strafed Jap installations on Kiska 10 times Tuesday, damaging the runway and camp area of that Aleutian Island, the navy reported today. The Aleutians air force has now hit Kiska 113 times this month.

A large force of U.S. army bombers, winging far north of Guadalcanal Island in the south Pacific, heavily damaged Japanese installations on Nauru in the Gilbert Islands Wednesday and destroyed at least five Zero fighters.

## Frantic Efforts By Nazis to Defend Invasion Coasts

LONDON (CP)—The fear of an Allied landing in Europe, considered almost a certainty within a short time after the Axis is cleared from Africa, is inspiring the Germans to new heights of frantic preparation in what they have termed their "Fortress of Europe."

The evacuation of coastal areas of France, Belgium and Holland, started soon after the fall of France, has grown in intensity until defenses have been given an average depth of 30 miles along the entire coast facing Britain. The beaches are wired and mined, harmless-looking farmhouses are pillboxes, every road is defended, every bridge a possible trap.

Reports reaching Britain from Belgium and Holland have stressed the defensive speed-up with which the Germans followed the Casablanca conference, the evacuation inland of still more peaceful farmers or workers, the breaking up of homes, the crowding to rear areas from what Germany would like to make her front-line when the invasion comes.

## FEW GET PERMITS

Most recent reports from Holland reaching official Netherlands quarters here tell how restrictions have been tightened until no coastwise shipping is allowed after dark in most areas, tell of the difficulty of obtaining a permit to enter any of the coastal districts, and of the further mass moves that have followed the evacuation last autumn of Texel and Vlieland in the Frisians, the entire provinces of North Holland and South Holland, almost the entire province of Zeeland, half of Utrecht, and the western part of North-Brabant.

These drastic measures have cleared a belt up to 30 miles deep along the 150 miles of Holland's coast, or about one-third of the entire country.

As in other countries, the Germans told the Netherlands people there would be compensation, but not in the words of the German occupiers—"until conditions permit." The Netherlands, hoping for an Allied invasion despite the discomfort caused them by German expectation of this same contingency, are reasonably sure that means never.

## Only As War Measures

EDMONTON (CP)—R. C. Vaughan, president of the Canadian National Railways, said here today that if a railway line between Prince George, B.C., and Alaska and an extension to the Alaska Highway from Whitecourt, Alta., were built, "it will be strictly a war measure. It's not up to me to say much about that," he remarked. "I don't know what plans the Canadian and United States governments have."

## German Troops Sent to Greece As Italians Leave

ANKARA (AP)—Death's head SS battalions have arrived in Athens, Greece, according to a late reliable report from a Balkan source.

This was the first time, according to this report, that these picked motorized German troops appeared in Greece. It has been indicated these SS battalions, perhaps were stationed lately in southern France. They usually are sent to hot spots where the Germans fear an attack.

There had been earlier reports from independent Balkan sources indicating two new German divisions had arrived in Greece and two more perhaps were coming. One of the two, a mountain division, is reported to have taken positions along the Olympus defense line.

The other division is said to be taking positions along the Greek-Thracian coastline and in the mountains behind it.

## POSITIONS EXPANDED, GAINS FIRMLY HELD

"Our positions were generally improved and all gains firmly held," the communique said.

Gen. Montgomery's men, who face 10 miles of difficult hill country in their latest push towards Tunisia, have driven through three miles which bristled with Nazi defenses.

Observers said the Axis forces were striking with all possible strength in an effort to slow their progress, regardless of the cost in troops and material.

The German command included units of the Hermann Goering Jaeger regiment and the Goering Grenadiers in the attack on the 1st Army and they struck on an eight-mile front. Tank forces which had previously seen action in the battles of Fondouk, Kasserine Pass and Maknassy were thrown into the fray.

# Parachute Men Help Hold Gains Of 1st Army

By WILLIAM B. KING

ALLIED HEADQUARTERS, NORTH AFRICA (AP)—A military spokesman said that a fierce battle, including bayonet and grenade fighting, raged throughout today on the British 8th Army's front as Gen. Sir Bernard Montgomery's infantrymen drove against Axis defense lines south of Tunis.

The 8th Army artillery was credited with repulse of two Nazi counterattacks Wednesday on the southern wing of the front, and Lt.-Gen. Kenneth Anderson's 1st Army beat off a powerful assault on an eight-mile section of its line below Medjez el Bab, destroying 27 tanks, inflicting considerable casualties and capturing 500 Germans.

British parachute troops, who wear distinctive red berets and camouflaged green jackets that hang almost to their knees, were disclosed to have been in the thick of the 1st Army engagements as infantrymen.

Fresh British gains on the southern front were firmly held. Between 60 and 80 tanks and at least five battalions of German infantry struck by moonlight at the positions of Lt.-Gen. Kenneth Anderson's 1st Army in the mountainous area of Medjez el Bab, itself 35 miles southwest of Tunis.

The assault forces, described here as some of the best of Field Marshal Rommel's men in Africa, were met with heavy fire. They suffered considerable casualties and the survivors were withdrawing at dawn, the communique said. Among the 27 wrecked tanks they left behind were two of the 60-ton Mark VI Tigers.

Gen. Sir Bernard Montgomery's 8th Army massed artillery batteries to beat off two counterattacks against its new lines—anchored in the region of Takrouna, five miles northwest of Enfidaville, and in the area of the Djebel Garci, 10 miles inland from the coast—with a heavy loss to the Axis.

## Positions Expanded, Gains Firmly Held

"Our positions were generally improved and all gains firmly held," the communique said.

Gen. Montgomery's men, who face 10 miles of difficult hill country in their latest push towards Tunisia, have driven through three miles which bristled with Nazi defenses.

Observers said the Axis forces were striking with all possible strength in an effort to slow their progress, regardless of the cost in troops and material.

The German command included units of the Hermann Goering Jaeger regiment and the Goering Grenadiers in the attack on the 1st Army and they struck on an eight-mile front. Tank forces which had previously seen action in the battles of Fondouk, Kasserine Pass and Maknassy were thrown into the fray.

Twenty-seven of these tanks were destroyed and a spokesman said it was believed most of the hulks had been left behind on ground now occupied by the Allies.

The Germans struck westward at 11.30 p.m. in territory where hard fighting took place last December. Their objective apparently was to cut the road from Medjez el Bab to Goubellat, 10 miles to the southeast, and seize hills west of the road.

A military spokesman said the Nazi forces found the sector so strongly held that they could make no headway except by infiltration into low areas between British positions and, realizing the futility of the operation, began pulling out in the first light of the day.

The British troops, who had not yielded a single important position, maintained contact to clear all the challenged ground by Wednesday afternoon.

## Forced Nazi Planes To Jettison Bombs

Spitfires frustrated an attempt by Messerschmitt 109's to bomb Allied troops east of Medjez el Bab. The Nazi planes were forced to jettison their explosives, and two Focke-Wulf 190's, which joined in the subsequent battle, were shot down.

The land action had followed occupation, Tuesday, by British 1st Army troops of "Banana Ridge," a long, curved hill paralleling the road from Medjez el Bab to Tunis, against only nominal opposition.

Both French and United States troops have been carrying out active and penetrating patrols on sectors of the Tunisian front assigned them, it was added.

Relatively bad flying weather restricted aerial operations, but a number of bombing and machine-gunning sweeps were carried out by Allied squadrons over Tunisia, and Malta-based Spitfires knocked down four more Junker-52 transports. Ten enemy aircraft were destroyed during the day by the north African squadrons, while four Allied planes failed to return from all operations.

Fighter-bombers of the Western Desert Air Force attacked barges in the Gulf of Tunis, and shot down three Axis fighters which attempted to intercept them.

## R.A.F. Bombs Wharves, Oil Tanks at Naples

CAIRO (AP)—Heavy bombers of the R.A.F. attacked the Italian port of Naples again Tuesday night, scoring hits on docks and in the town area and starting two fires near oil installations, a Middle East communique announced today.

"From these and other operations all our aircraft returned safely," the bulletin said.

BRITISH ATTACK—After beating off fierce Nazi counterattacks, the 8th Army is engaged in heavy hand-to-hand fighting using bayonets and grenades along line north of Enfidaville, indicated on map by black line, east to west.

### Sam Charters, 80, Former M.P., Dies

BRAMPTON, Ont. (CP)—Sam Charters, noted weekly newspaper publisher and former Conservative member of the House of Commons, died at his home here Wednesday in his 80th year.

The veteran publisher, under whose guidance the Brampton Conservator became one of the best-known weeklies in the Dominion, had been ill for three months. He joined the Conservator's staff when 13 years of age.

He was a member of the Ontario Legislature from 1904 to 1915, and a member of the House of Commons from 1917 till 1935.

Surviving him are his wife, three sons, two daughters and several grandchildren.

Mr. Charters was born in Chinguacousy Township, Peel County, Ontario, May 18, 1863, of Irish parents.

### Great Fortitude Of Duncan Flier Wins High Honor

OTTAWA (CP)—Air force headquarters announce award of the Distinguished Flying Medal to Sgt. Arthur A. Mellin of Duncan, B.C., serving overseas with the R.C.A.F.

The citation: "One night in February, 1943, this airman was the navigator of an aircraft detailed for a mine-laying mission off the Frisian Islands. In the course of the operation an enemy fighter engaged the aircraft, raking its fuselage with machine gun fire. The flight engineer and the rear gunner were killed while Sgt. Mellin was hit in the leg by a bullet which caused a compound fracture of the fibula and tibia bones.

"Despite the severity of his injuries this airman assumed the duties of the flight engineer while other members of the crew were quelling flames which had broken out in the bomb bay. He afterwards returned to his navigational duties, proving of great assistance to his pilot, who flew the damaged aircraft to an airfield in this country (Britain).

"Although he had lost much blood and was in intense pain, it was only when the aircraft was about to be landed that Sgt. Mellin would consent to leave his post. His exemplary conduct and great fortitude were worthy of the highest praise."

### Frigate for Navy Launched On Coast

Newest fighting unit for Canada's navy, H.M.C.S. Port Colborne, was launched in a business-like way, with a minimum of ceremony, at a west coast Canadian shipyard Wednesday evening.

Mrs. W. V. Jones, in a chic spring ensemble of suit and veiled hat and carrying red roses, broke the traditional ribbon bottle of champagne across the ship's prow. She wished the trim frigate Godspeed and safe voyaging for all Canada's bluejackets who will fight the war from her decks.

The ship was suitably blessed by Rev. G. L. Gillard and Rev. Father A. B. Wood, who stood on the launching platform. On the deck of the new ship as she slid rapidly down the ways and hit the harbor waters with a great splash were three other navy chaplains—Rev. Leonard Outerbridge and Rev. Fathers J. H. Laporte and J. C. Lauzon.

From a rock a large group of sailors watched the perfect launching. Workmen and workwomen cheered and waved their caps and whistles tooted as the frigate hit water. Then everyone went back to work on another ship for Canada's navy.

Mrs. Jones was chosen by lot from among the wives of the navy personnel working in the shipyard. She is the wife of Chief Petty Officer W. V. Jones, E.R.A.

The ship was suitably blessed by Rev. G. L. Gillard and Rev. Father A. B. Wood, who stood on the launching platform. On the deck of the new ship as she slid rapidly down the ways and hit the harbor waters with a great splash were three other navy chaplains—Rev. Leonard Outerbridge and Rev. Fathers J. H. Laporte and J. C. Lauzon.

### Pacific Coast Yards To Build 357 Ships

SAN FRANCISCO (AP)—Contracts for 357 merchant ships, including 189 Victory ships, a new design, have been awarded Pacific coast shipyards, the United States maritime commission announces.

The other ships to be constructed on the coast include 131 high-speed tankers and 37 Liberties. Contracts for 112 other ships were awarded to yards in other parts of the country.

All of the new vessels will be completed by the end of 1944.

### Winnipeg Plans Field As World Airport

WINNIPEG (CP)—Postwar plans to make Stevenson Airfield Winnipeg's airport, a stepping stone for all civil aviation to and from the American continent, are under consideration.

The plans, under discussion by Mayor Garnet Coulter and government officials, call for extension of the airport to accommodate giant transport planes.

In the postwar years, Winnipeg is expected to be a vital point in air passage across Canada and over the Polar Great Circle to the Indies.

"But an extension of the airport will be necessary," said Mayor Coulter. "Many difficulties may have to be overcome."

### Today's WAR NEWS Analysis

By DE WITT MACKENZIE

Japan's barbaric atrocity in executing United States airmen who were prisoners of war gives point with a vengeance to the current reiteration that the Axis powers and Nippon must surrender unconditionally.

Almost—but not quite—does this horror make us forget that the people of the United Nations aren't barbarians but are bent on uprooting this very savagery from a tortured world. However, as President Roosevelt has said, all those who participated in this frightfulness will be brought to justice.

Announcement of this fresh crime came after concerted action between London and Washington in reaffirming that nothing but unconditional surrender will be accepted from the enemy. Presidents Roosevelt and Avila Camacho emphasized it at their meeting at Monterey, Mexico, and Foreign Secretary Eden

evoked cheers from the House of Commons by a similar statement. At the same time Secretary Hull and Dominions Secretary Attlee made it clear that Japan is in the same ship as Hitler and his satellites.

President Avila Camacho gave us the key to what we are up against, when he said that "we must above all destroy the machinery of barbarism constructed by the dictators."

We are fighting pure barbarism. The Japs have demonstrated this anew in the crime they perpetrated on the Allies. Recently the inter-Allied information committee of the United Nations in London stated 3,400,000 people had been executed or had died in prison in Nazi-occupied countries by the end of 1942. We don't have to accept this staggering figure to prove the point, for the Nazis themselves have announced numerous mass executions of civilians and boasted of them as reprisals.

### Allied Ship Losses Heavy But Not Disastrous

WASHINGTON (AP)—A special U.S. Senate committee disclosed Wednesday approximately 12,000,000 tons of Allied shipping were sunk last year—more than the total tonnage built in 1942 by Great Britain and the U.S. combined.

Calling the losses "heavy, but not disastrous," the Senate unit investigating war production problems, reported losses were reduced in the later months of the year, and said confidently: "The submarine menace can and will be effectively met."

The answer to the threat of the undersea raiders is the stepped-up production of new merchant and escort vessels and the combined use of destroyers and destroyer escorts, escort airplane carriers, land-based airplanes equipped for anti-submarine work, and sub-chasers.

"All of these are being provided," the committee said. "The only question is that of time."

In other sections of the 75-page, 45,000-word document, the committee, headed by Senator Harry Truman, reported:

1. The quantity of production Liberty ship is being redesigned into the "victory ship," with more powerful engines, 50 per cent higher speed and greater cargo-carrying capacity.

2. The United States Navy has done "a magnificent job" in building a first-class fighting fleet "that can stand up and slug it out with any other navy."

3. Nevertheless, the committee believes that "the navy should be less conventional and conservative in its thinking," spend less time propounding explanations of unfortunate situations, and encourage new ideas.

4. The United States merchant shipbuilding record compares favorably with that of Britain, but—

5. It is no military secret that the United States now has not enough shipping to supply the Allies with the weapons and food which they require, and to transport and maintain overseas as many soldiers and as much material as available.

6. The concrete barge program has been "most disappointing."

7. Ships must be utilized efficiently: Provision must be made for sufficient docks, cranes, lighters and trained longshoremen.

8. Through the ingenious use of steel supports welded to the decks, tankers now carry large quantities of combat planes and torpedo boats, which formerly took up space below decks on dry-cargo ships.

9. There is wide disparity in the efficiency of private shipyards in the United States. The Oregon Shipbuilding Corporation delivered 12 Liberty ships at an average of 393,858 man-hours each, while another west coast yard, Marlinship Corporation, at Sausalito, Calif., spent 1,620,679 man-hours on one vessel.

### Say Warsaw Jews Murdered in Thousands

STOCKHOLM (AP)—The secret Polish radio appealed for help Wednesday night in a broadcast from Poland and then suddenly the station went dead.

The broadcast as heard here: "The last 35,000 Jews in the ghetto at Warsaw have been condemned to execution."

"Warsaw again is echoing to musketry volleys. The people are murdered. Women and children defend themselves with their naked arms."

"Save us..."

**Melrose in North**  
SMITHERS, B.C. (CP)—Geo. P. Melrose, assistant chief for water of B.C., met ranger and assistant ranger from Prince Rupert to Burns Lake here Wednesday and discussed shortage of labor and equipment.

### Nazis Retaliate; Attack Aberdeen Cause Casualties

LONDON (CP)—German bombers attacked a Scottish town, identified by the Berlin radio as Aberdeen, Wednesday night and it was feared heavy civilian casualties were suffered there, authoritative sources said today.

The Berlin broadcast, recorded by the Associated Press, gave few other details concerning the raid, which British authorities said was one of the heaviest yet directed against the town.

Several families were reported still buried under debris of smashed tenements. In a suburban housing development several homes were wrecked and many others badly damaged, but most of the residents had reached shelters before the bombs were dropped.

One bomb fell on the corner of a hospital, killing a nurse and a patient and injuring several others.

Another bomb crashed into a shelter in which there were a number of men and killed all but two of them.

Twenty others were trapped under a four-story tenement, which was one of three hit on a single street.

Bombs dropped near other Scottish towns, but most of them fell on open ground.

R.A.F. bombers late Wednesday followed up Tuesday night's attacks on Stettin, Rostock and Berlin by bombing the railway yards at Abbeville, France. One German fighter was destroyed and three British bombers and two fighters were reported missing.

A Moscow broadcast, recorded by the Soviet monitor here, reported Russian bombers also

were out in force Tuesday night, raiding the German railway centre of Tilsit and starting fires visible for nearly 100 miles. Big explosions were observed near railroad installations and around the harbor and airfield, the Moscow broadcast said. It was the fifth attack by long-range Russian bombers on northeast Germany since April 10.

### Visits Airmen at Front

ALGIERS (CP)—Air Vice-Marshal W. A. Curtis, deputy air officer commanding-in-chief, overseas, R.C.A.F., is on a tour of inspection of Canadian units and personnel in north Africa and the Middle East, it was announced here. He is accompanied by Group Capt. Hugh Campbell, director of air staff overseas,

and Wing Cmdr. D. Patterson, commander of the R.C.A.F. in the Middle East.

### Let Your Family Be the Jury—DOUBLE YOUR MONEY BACK if They Don't Agree

● When they make this taste-test they'll give the verdict to Libby's Tomato Juice. If they don't agree that it is the best they've ever tasted, you'll get double your money back by simply returning the labels to Libby's.

Libby's Tomato Juice has a distinctive garden-fresh flavour because for many years Libby's have been selecting the choicest tomatoes from each season's crop

and extracting the seed for the succeeding year. As a result Libby's tomatoes are smooth, thin-skinned and laden with invigorating juice and the health-giving Vitamins A and C. Libby's patented "Gentle Press" method extracts the goodness and full, rich flavour.

Yes, taste does tell—and it will tell every member of your household why Libby's is Canada's biggest-selling Tomato Juice.

Libby's Patented "Gentle Press" Process is also used in making Libby's Catchup and Tomato Soup. Please note: Canada's packed Tomato Products is adequate—there is no reason to buy more than your immediate needs.

## Chief Announces All-Army Contest For Victory Loan

OTTAWA (CP) — Lt. Gen. Kenneth Stuart, chief of the general staff, is calling on every member of the Canadian army, both at home and abroad, to support the Fourth Victory Loan.

In a letter to Canadian army commanders, Gen. Stuart said there would be an all-Canadian Army Loan competition in platoons, companies, battalions, brigades, divisions and commands and its results would be made public daily. A committee at National Defence Headquarters would handle direction and coordination. Similar committees to be set up in commands, districts and formations, would release standing every other day.

The chief of the general staff appealed to the commanders to "encourage all ranks to invest in a 'gilt-edge' security that will be helpful in the days to come." "Any bonds purchased by personnel in the active army can be paid for at source, if requested, over a six-month period by six equal monthly instalments withdrawn from pay cheques," Gen. Stuart said.

"I am satisfied that if we put our backs into it this competition will have great results."

"Good luck to you—and I am backing my own personal horse, the general staff at National Defence Headquarters, against the field."

Gen. Stuart said it was a "total" war and everyone in the army should make his effort a

## Artillery Proves Superior to Tanks—Correspondent Says

LONDON (CP) — The Cairo correspondent of the London Daily Express expresses the opinion that artillery firepower has almost replaced the tank as an assault force, and when the war is finished the monsters may be in a position similar to that of cavalry at the end of the last war.

The correspondent, an artillery expert, who followed the British 8th Army's desert drive, said that "the superiority of the gun over the tank has come to stay." "As a weapon of assault, the tank is finished. It has become a weapon of support. The ordinary two-pounder can puncture any tank except the Tiger, and the six-pounder can deal with anything known."

He added, however, that tanks still have a useful function to perform where sweeping, turning movements to take an enemy in the rear are involved over a wide and discontinuous front, such as in Russia.

He declared the Germans' had not shown intelligence in their use of artillery in desert campaigns, pinning their faith in the dive-bomber, which after its surprise effect had worn off, had proved a diminishing asset.

He said the destructive power of British artillery would soon be considerably increased with the use of a powerful explosive.

total one. "Let us go all out in the material sphere just as we have in the physical sphere," he urged.

## Letters to the Editor

TUT! TUT!

It is just too bad that this dog-hating person, Brothers, is not living in India where the cows, and even elephants, roam at large. There he (or she) would be kept so busy cleaning up the streets that there would be absolutely no time left to write letters to the papers.

FLORENCE G. BARR.  
R.R. 3, Quadra Street, April 19.

### IN SUNSHINE OR SORROW

I have visited, by turn, all the beaches in Victoria and have never yet met or seen a snapping or snarling dog. If children are brought up to treat animals with care and kindness, they will only receive love in return. We know there have been accidents, but not traced to spite. Show me the man or woman who is infallible. A great many human beings would do well to cultivate many of the traits in a dog's character.

Seldom do we find in people the loyalty, trust and faithfulness that you find in animals, especially in dogs. Sunshine or sorrow, poverty or wealth, they always stand by.

M. WARD.

1031 Pandora Ave., April 20.

### DEFENDS 'MAN'S BEST FRIEND'

A stranger reading some of the recent letters appearing in the local press would receive the impression that the beautiful city of Victoria was overrun by wild, savage dogs committing every crime from tearing citizens apart to deliberately ruining Victory gardens. Among those who would condemn the dog to spend his life at the end of a chain is a correspondent who

states that many mothers will not take their children to the beaches on account of "the snapping, snarling brutes that infest them," totally ignoring the fact that probably 90 per cent of the dogs seen there have been taken by their youthful masters for mutual pleasure.

Apparently forgotten are the faithful watchdogs; the army dogs; the children's pets; the hunters' and trappers' dogs, often their only companions for months at a time; the wonderful seeing-eye dogs, whose intelligence and devotion help to make life more bearable for the blind; the hard-working farm dogs; the soldiers', sailors' and airmen's mascots, who appear to be so much appreciated; and many others. It certainly is unjust to condemn all dogs for the sins of the objectionable minority.

So how about a few letters from some of the many Victoria dog-lovers in defence of this humble creature whose loyalty and devotion to the human race has justly earned for him the title of man's best friend?

WALTER A. ARMSTRONG.  
310 Quebec Street, April 20.

### To Adopt Family

LOS ANGELES (AP) — Mary Pickford and her husband, Navy Lieut. Chas. (Buddy) Rogers, are going to rear a family by adoption. She has signed final adoption papers for Ronald Chas. Rogers, six, and said she plans to adopt Roxanne, a seven-month-old girl. "Eventually we hope to have at least four adopted children," she said.

Plumbago is a mineral, used for making lubricants, pencils, polishes, etc.

## New Manitoba Method Of Prospecting

WINNIPEG (CP) — Permission has been granted to Sherritt Gordon Mines Ltd. to prospect 4,000 acres of land contiguous to the Ites mine in northeastern Manitoba without the formality of staking individual claims.

Hon. J. S. McDiarmid, Minister of Mines and Natural Resources, in announcing the departure from usual procedure, said it was designed to increase base metal production and conserve manpower.

"We expect this arrangement will serve as a useful experiment in testing out one method by which intensive prospecting in heavily overburdened areas might be encouraged in order to provide replacements for metallic ores," he said.

The company will pay the

April 22<sup>nd</sup> 1943

Fellow Canadians,

This is the year for attack. This is the year for which we have been planning and building during three and a half years. Now is the time to strike with every ounce of effort we can muster. We know what our boys will do whenever and wherever they meet the enemy. They have proved themselves on the seven seas, in a hundred skies... and at Dieppe and Hong Kong.

What we must do at home is back the attack to the uttermost. That means dollars. Here is the situation in a nutshell:

Canada's 1943 financial needs... \$5,500,000,000  
Canada's 1943 tax revenue... \$2,752,000,000  
Balance needed in 1943... \$2,748,000,000

We must obtain that vast sum of money by the one most democratic method open to us... borrowing. Borrowing from ourselves. The sum needed we will open the Fourth Victory Loan on Monday, April 26<sup>th</sup> with a minimum objective of One Billion, One Hundred Million Dollars. Can we loan that much money to our country? Let's look at the record of past Victory Loans:

June 1941 - 968,259 Canadians bought \$730,376,250 1<sup>st</sup> V.L.  
Feb. 1942 - 1,681,267 " " \$43,127,900 2<sup>nd</sup> V.L.  
Oct. 1942 - 2,041,610 " " \$91,536,500 3<sup>rd</sup> V.L.

In the light of that record, if we are to reach the One Billion One Hundred Million Dollar objective, three million Canadians should buy Fourth Victory Loan Bonds. And, in addition, all of us who have purchased bonds in the other Victory Loans must earnestly try to increase our subscriptions. In these ways and these alone, can we hope to reach the objective.

This loan is a matter for every Canadian having an income or funds under his control. We are going to need the big subscriptions just as we have in the past. But above all else, we shall need the savings of individuals - all individuals. Let no one think because his personal income is not very large that his support is of little value. It is a plain fact of simple arithmetic that this loan will stand or fall by the response it receives from people of moderate means.

During the next three weeks 20,000 Canadians will leave their regular occupations to call at homes, shops, offices and factories all over Canada to sell us shares in the attack in the form of Victory Bonds. They will be persistent and urgent. They have a patriotic duty to perform. Be prepared for their visit. Make it a brief and successful one. Send them on their way with the realization that you, and all in your family, have kept faith with your conscience and your country.

Let's back the attack with dollars that fight.

W. J. Spinnaway  
Chairman  
National War Finance Committee

## Inhuman Japanese

NOT SINCE THE DASTARDLY ATTACK on Pearl Harbor, while two special envoys from Tokyo were pressing peace proposals at Washington, has public feeling been so incensed as by Mr. Roosevelt's revelation that some of the eight American flyers who took part in the bombing of Nipponese military objectives a year ago had been tortured and murdered in cold blood by their barbaric captors. Nor is this all; the President has let it be known that those gallant aviators who were spared death are subjected to punishment on a par with that meted out to the worst type of criminal. To say that all this is in complete violation of covenants concerning the treatment of prisoners of war, of course, is merely to evoke the sadistic smile of these brutal, inhuman subjects of Emperor Hirohito—the willing assassins of Premier Tojo and his military oppressors.

Perhaps it was just as well that Mr. Roosevelt gave this horribly-revolting information to the world within a short time of the narration of General Doolittle's brilliant and legitimate attack on war industries on the Japanese mainland a year ago this week. It came at a time, too, when American public opinion was not a little disturbed by the seemingly-slow progress of the campaign in the Pacific—the difficulties of sending equipment to General MacArthur and Generalissimo Chiang Kai-shek notwithstanding. But from now on it can be assumed that the revelation of feeling which this diabolical exhibition of barbarism has stirred up in the minds of all decent folk the world over will be translated into action of a kind which even the inscrutable and primitive worshippers of the Son of Heaven eventually will understand.

This ghastly business, of course, will not surprise Mr. Joseph C. Drew, former United States Ambassador to Japan. In his "Report From Tokyo" he warned his compatriots what to expect, how they would have to fight to defeat the Nipponese military machine, its architects and its operatives. But it is astonishing at this late date that so many supposedly intelligent and well-meaning people continue to allow themselves to be fooled by the outwardly-pleasing cultural veneer which masks but thinly the brutal and inhuman substance beneath. They, like the "be-kind-to-Germans" advocates in the pre-Munich days, will probably undergo a change of view as they contemplate this latest demonstration of the kind of enemy the forces of freedom and justice are up against in the Pacific area.

## Should Be Sent Back

THE VANCOUVER SUN IS DEAD RIGHT when it says "our C.C.F. friends appear to be getting just a bit off the beam in regard to Japanese repatriation"—particularly in the resolution passed last week-end, which argues that "these reactionaries who shout so blantly for repatriation are the very ones who encouraged the entry into Canada of cheap labor for the purposes of exploitation."

Where is the "historical basis of truth" in that statement? As our esteemed contemporary says, however, some contractors engaged in the building of the Canadian Pacific Railway eastward from Port Moody imported Chinese to work on that project. Is anybody today thinking of repatriating the Chinese? No. To quote the Sun further:

"We do not recall that anyone gave the Sons of Nippon much encouragement to come here at the period of their large immigration 45 years ago. It happened that the Japanese were used by the salmon canners of the Fraser fisheries in 1900 and 1901 to help break down demands of white fishermen for better prices. But it was the boring in of the Japanese, their own invasion tactics, which were much more in evidence than any encouragement their immigration received from prospective employers that accounted for the arrival of these Orientals in their thousands. During the intervening four decades the fishery interests have tolerated the Japanese, meanwhile liking them less and less. Today the industry is getting along without them."

The resolution to which the mainland newspaper refers obviously is in keeping with the C.C.F. party's stand during the recent session of the Legislature. We recall Mr. Grant MacNeil, easily the ablest among the opposition's rank and file, predicting "social friction and prejudice" on the coast of British Columbia when the Japanese return from their wartime sojourn in other parts of the Dominion. The C.C.F. member for Vancouver-Burrard, indeed, warned the House that these people would find themselves "impoverished and completely replaced in the fishing industry, their main source of livelihood." But why all this extraordinary solicitude? Let us not forget, by the way, that the Japanese are out for world conquest—by any and every means. And let us remember what the Sons of Heaven did to "Jimmy" Doolittle's men.

A land-of-opportunity is one where successful men can remember when their idea of luxury was a clean shirt every day.

## Common Wealth Falls Again

ON ITS FOURTH ATTEMPT BRITAIN'S Common Wealth Party won a by-election in the Eddisbury division of Cheshire two weeks ago. But its good fortune obviously was transitory. In a contest in the North-Thames constituency of Daventry on Tuesday, its candidate, Mr. Denis G. Webb, ran second in a three-cornered fight. The Conservative candidate, Mr. R. Manningham-Buller, who had received Mr. Churchill's blessing, polled 9,043, with an Independent Liberal at the bottom of the poll with 4,083. In conformity with the political truce, neither Liberal nor Labor Party entered the lists.

Particular interest attached to this contest because it had been represented in the House of Commons since the end of the first Great War by the Rt. Hon. Capt. E. A. FitzRoy, late Speaker of the House, whose death caused the vacancy. In the six general elections since the armistice Capt. FitzRoy scored a clear majority over his opponent, his total vote in 1935 being 18,934 compared with his Labor adversary's 10,767. In the contest in 1923, however, he retained his seat on a minority vote, his ultimate successor repeating in similar manner in the by-election which has just taken place. In 1929, when Labor returned sufficient members to the House to command a majority, and again in 1931, the late Speaker FitzRoy was returned unopposed.

It will be recalled, incidentally, that immediately following nomination day in Daventry the Prime Minister rebuked both Independent and Common Wealth candidates for contesting the seat against the government's National Conservative nominee. In that message Mr. Churchill said: "The day is still far distant when we can afford to waste our energies on political bickerings."

The entrance of the Common Wealth Party into the British political arena does not seem likely to bring any material change in the basic thinking of the British public. Its sharing-the-wealth founder, Liberal member of Parliament Sir Richard Acland, nevertheless has led the way in a practical exemplification of his philosophy. Some time ago he turned over his family property holdings valued at £250,000 to a national trust—an example which may or may not be followed by those vocal and theoretical Socialists who are wont to prescribe Socialism for others so long as it does not affect their own financial affairs. The following article of Sir Richard's faith may explain why the Common Wealth Party candidates in future contests may fare little better than his nominee in Daventry:

"We want to amalgamate the Russian economic system with our own democratic political system. We are going to become a country without big capitalists. That is what we are fighting for and the ordinary workers and soldiers are going to see to it that they are not led up the garden path, as they were after the last war. We are going to see to it that the community comes first and self-interest second. Capitalism is completely finished."

One of the original collaborators with Sir Richard Acland when the Common Wealth movement took shape early in 1941 was Mr. J. B. Priestley, the eminent author and publicist, who, together with a group of intellectuals, issued a manifesto demanding of the Churchill government a categorical statement of Britain's war and peace aims—plus a manifestation of more social consciousness. Author Priestley, however, left the fold in high dudgeon several months ago. For the time being, then, the party's lone victory out of five starts does not appear seriously to threaten the fundamental democratic system in general or the Prime Minister's popularity in particular.

## Increased Output

BRITAIN'S MINISTER OF AIRCRAFT Production, Sir Stafford Cripps, announced in a speech at the Guildhall that with nearly 15,000 firms engaged in making planes and parts, British factories during the first quarter of this year have turned out a weight of completed aircraft 35 per cent greater than during the corresponding period of 1942. More encouraging still, perhaps, was his statement that heavy bomber output figures on the same basis were even better, aggregating three and a half times as much as in the first three months of last year. Not the least important part of Sir Stafford's speech was that which intimated that women workers represent nearly 40 per cent of all employees in the aircraft industry—now the largest single enterprise in the country.

Although it is not possible for us to translate the term "weight of completed aircraft" into numbers and categories, the fact that the Minister was meticulous with his percentages suggests that he is satisfied with the rate of production at this vital moment in the campaign of the United Nations. The increases noted in the first three months of this year over the corresponding period of 1942 should effectively counteract any feeling of alarm that may have been experienced by the heavy losses of the R.A.F. and R.C.A.F. bombers during the recent devastating attacks on the Reich's war industries. In any event, however, the number of planes which failed to return from Pilsen, Mannheim, Ludwigshafen, Stuttgart, Rostock, Stettin, and Berlin was considerably below the 10 per cent margin of loss which is considered the maximum from the economic point of view.

We do not know about the rest of the groundhogs, but Hitler certainly has crawled into a hole.

A new addition to the leisure class is Clano, the well-dressed count. There seems to be no call in Rome for a foreign minister, now that Italy has become lower Germany.

## Bruce Hutchison

### TO THE LEFT

THE C.C.F. OF British Columbia is now seen to have moved completely to the Left, far beyond the national party leadership, and into whole-hog Socialism. This is probably a good thing. It blows away the smoke of provincial politics, removes all the confusion of rival party policies and presents the issue of our times in British Columbia so starkly that no voter can misunderstand it. We are to vote out here in British Columbia for whole-hog Socialism or against it.

The C.C.F. has never been this frank before. Probably it did not feel able to for lack of strength. Now that it is the official opposition in the Legislature, has steadily gained electoral strength and captured a government seat in a by-election, it refuses to equivocate, compromise or pretend. It is a whole-hog Socialist party which would almost agree on the collectivization of agriculture on the Russian model and definitely make agricultural processing a government monopoly and develop enterprise to the exclusion, wherever feasible, of private enterprise.

Mr. Harold Winch, leader of the party, sums up its new philosophy and its new aims in these words: "The C.C.F. is not just a reform party; it is a militant revolutionary party and intends to be a militant and revolutionary government. The C.C.F. is a Socialist Party and must remain a Socialist Party."

The moderates in the C.C.F. clearly have lost out in the recent party convention in Vancouver. The Left wing has won. This is not to be a party of Social Democrats. It is to be a party of Marxians, following the Marxian line.

### SOME DIFFICULTIES

THE PEOPLE OF British Columbia may vote for whole-hog Socialism and elect a C.C.F. government three years hence. But there are difficulties in the way for the C.C.F. just the same.

In the first place, there is the difficulty of Canada's constitution. It certainly permits a provincial government to take over an industry as a state enterprise. It gives a province complete control over property and civil rights, so that a C.C.F. government could seize and collectivize any farm or home. But British Columbia does not live in a vacuum. It lives largely on exports and imports and with these—trade and commerce—a provincial government cannot interfere. Thus a large part of the economic machinery of the province would be outside Mr. Winch's control even if he became Premier. True Socialism is as impossible in a single province as is Social Credit, Mr. Aberhart found that out.

### JUST THE BEGINNING

HOWEVER, THE B.C. system obviously is designed only as the beginning, the narrow end of the wedge, the clinic wherein the experiment will be tested and perfected for all Canada. And it is there, in the national field, that the provincial C.C.F. runs straight against the national leadership.

Mr. Winch says the C.C.F. is a "militant revolutionary party." Mr. Coldwell wrote to the Financial Post some months ago to deny this very idea. He wrote specifically to deny this writer's statement that the C.C.F. wanted to operate the productive apparatus of Canada completely as a state enterprise. And Mr. Coldwell added: "This is precisely what the C.C.F. has not done. The family farm is the basis of rural life. The development of co-operatives must be encouraged. Not until an organization becomes a monopoly or a resource is of such a nature that the nation cannot afford to allow it to pass to private hands is it necessary to make it a state-controlled function. In the society we visualize there would be a wide field for individual enterprise. If what Mr. Hutchison says of us were true, we should not be democratic socialists but dictatorial revolutionaries and that we are not."

Compare that to Mr. Winch's speech and the new B.C. program of the C.C.F. Mr. Winch announces himself and his party as revolutionaries. Mr. Coldwell denies he is a revolutionary. The C.C.F. of B.C. may favor collectivization of agriculture. Mr. Coldwell has insistently promised that the state will not interfere with the farmer and that "the family farm is the basis of rural life."

For a long time it has been perfectly clear that there was a basic division in the thinking of the C.C.F. in Canada, the aged division between the reformer and the Marxian. The British Columbia C.C.F. group has brought this division out into the open where everyone can see it. From now on, so far as British Columbia is concerned, there will be no use Mr. Coldwell talking evolution in the Canadian Parliament. To the people of B.C. the C.C.F. now proclaims itself the custodian of a revolution and promises to effect it on election. What has Mr. Coldwell got to say about that?

Up to now Mr. Coldwell might suppose that questions of this sort were uttered only by his enemies to embarrass him. Now it is obvious that the question is not raised by outsiders but by the C.C.F. people of British Columbia and, most vehemently, by Mr. Winch. It will have to be answered.

### Parallel Thoughts

## Postwar World Needs Trade

By PETER EDSON

WASHINGTON, D.C.

WHEN THE American expeditionary forces moved into North Africa, it was at first thought that it would be necessary to ship in large quantities of food for the native population, which had presumably been bled white and starved blue by Nazi and Vichy domination and demand for all available war supplies.

Much to the surprise of American representatives of the State Department, Board of Economic Warfare, U.S. Commercial Co. and Lend-Lease Administration, when they began to explore and get a better line on the resources of the North African colonies, it was found that the farmers of the region had considerable quantities of wheat hidden away on their farms. The African farmers had held back this wheat from the Nazi purchasing agents because there was nothing in the native stores for the farmers to buy.

To remedy this situation some bright boys, who will probably forever remain unidentified, thought up an idea. Instead of shipping in shipload after shipload of wheat for the native bakers, it was proposed to ship in a relatively small quantity of merchandise to stock the native stores.

Farmers would then bring their wheat into town, sell it for cash, and use the cash to buy the goods on shopkeepers' shelves, providing merchants with cash to buy more goods to sell to farmers who would bring in more wheat, and so on. In other words, normal trade would begin to function again.

### PERMANENT RELIEF OBJECTIVE

This one simple little lesson is spelled out here in detail because it is a perfect example of the basic problem which faces OFRRO, the alphabet abbreviation for the Office of Foreign Relief and Rehabilitation Operations set up in the State Department under the direction of ex-Gov. Herbert H. Lehman of New York.

The general assumption had probably been that the "relief" end of the business—feeding starving Europe after the war is over—would be the principal business which OFRRO would do.

That is important and it comes first, but since Governor Lehman has been active in organizing his staff, studying the problems ahead of him and making a start in field operations, one fact becomes clearer every day:

The "rehabilitation" end of postwar relief is destined to become more important and in the long run may be more humanitarian than the mere giving away of food to the hungry in the name of Uncle Sam and sweet charity.

Perhaps no one will begrudge one nickel spent on food for Europe's undernourished millions. But rehabilitation, going far beyond temporary relief, is something else again. When you pick a bum out of the gutter and fill his belly with hot soup, give him a bath and a shave and buy him a new suit of clothes, you can't expect him to be a new man the instant you turn him loose. He must be given a job as well, and that is rehabilitation. You rehabilitate the bum so that you don't have to keep on buying him meal tickets.

How far OFRRO goes in distributing rehabilitation depends upon its appropriation. Relief may encompass food, clothing, medicine, temporary shelter. Rehabilitation might mean permanent shelter, seed, fertilizer, draught animals, new dairy stock and livestock herds, new stock for the empty shelves, new machinery and raw materials for them to chew up.

Once the war is ended, Governor Lehman's first big job will be to convince Congress that this rehabilitation is to be administered on a business-like basis with some show of return more tangible than the extension of credit and the building up of war debts which will never be repaid. He will have to make a case that rehabilitation is cheaper and more lasting than mere relief. Let OFRRO get the name of an international WPA, passing out leaf-raking projects and free food all over the world, and it is sunk.

people's money—the President's emergency funds and Lend-Lease appropriations. Department of Agriculture's Marketing Administration and similar agencies do the buying on OFRRO orders. Eventually, OFRRO will do its own distributing.

The British Columbia C.C.F. group has brought this division out into the open where everyone can see it. From now on, so far as British Columbia is concerned, there will be no use Mr. Coldwell talking evolution in the Canadian Parliament. To the people of B.C. the C.C.F. now proclaims itself the custodian of a revolution and promises to effect it on election. What has Mr. Coldwell got to say about that?

Up to now Mr. Coldwell might suppose that questions of this sort were uttered only by his enemies to embarrass him. Now it is obvious that the question is not raised by outsiders but by the C.C.F. people of British Columbia and, most vehemently, by Mr. Winch. It will have to be answered.

The C.C.F. of B.C. may favor collectivization of agriculture. Mr. Coldwell has insistently promised that the state will not interfere with the farmer and that "the family farm is the basis of rural life."

For a long time it has been perfectly clear that there was a basic division in the thinking of the C.C.F. in Canada, the aged division between the reformer and the Marxian. The British Columbia C.C.F. group has brought this division out into the open where everyone can see it. From now on, so far as British Columbia is concerned, there will be no use Mr. Coldwell talking evolution in the Canadian Parliament. people's money—the President's emergency funds and Lend-Lease appropriations. Department of Agriculture's Marketing Administration and similar agencies do the buying on OFRRO orders. Eventually, OFRRO will do its own distributing.

How far OFRRO goes in distributing rehabilitation depends upon its appropriation. Relief may encompass food, clothing, medicine, temporary shelter. Rehabilitation might mean permanent shelter, seed, fertilizer, draught animals, new dairy stock and livestock herds, new stock for the empty shelves, new machinery and raw materials for them to chew up.

Once the war is ended, Governor Lehman's first big job will be to convince Congress that this rehabilitation is to be administered on a business-like basis with some show of return more tangible than the extension of credit and the building up of war debts which will never be repaid. He will have to make a case that rehabilitation is cheaper and more lasting than mere relief. Let OFRRO get the name of an international WPA, passing out leaf-raking projects and free food all over the world, and it is sunk.

## Geo. S. McTavish, 80, North Pioneer, Dies

Geo. Simpson McTavish, 80, widely-known Hudson's Bay Co. pioneer, died at his residence, 733 Lampson Street, Tuesday after an illness of some weeks.

He was born in Rupert's Land, son of a Hudson's Bay Co. official and descendant of Sir George Simpson, one of the greatest figures in the history of the great company of "gentlemen adventurers trading into Hudson Bay."

When he was four years of age Mr. McTavish was sent to the Orkney Islands to school. For a time he studied in a lawyer's office in Stromness, but as a young man returned to Rupert's Land and joined the Hudson's Bay Co. He remained in the north many years, during its busy days when York Factory was a great distribution centre for goods to all points of the northland. Frequently he took long trips by dog-team. Many and exciting were the stories he told in his later days of the adventures he had as a young man.

At the turn of the century he was sent to Winnipeg and remained there some years, coming later to British Columbia and making his home in Victoria in 1913. He became a prominent cannery operator and owned plants at a number of up-coast B.C. points, the largest being at Rivers Inlet.

Mr. McTavish has been interested in many Victoria organizations. He did much for the Institute of the Blind and took a prominent part in the work of the B.C. Historical Association and the Men's Canadian Club. He did a great deal of work for St. Saviour's Church and every year he and Mrs. McTavish opened their home and lovely grounds for a church garden party. In his lovely home, filled with souvenirs of the north and priceless bric-a-brac, gathered during a European tour some years ago, he and Mrs. McTavish were charming host and hostess.

Funeral will take place Saturday at 11 a.m. in Haywards' chapel, Rev. E. M. Willis of Cobble Hill officiating, followed by cremation at Royal Oak.

Mr. McTavish leaves his wife; two sisters, Mrs. Victor Johnson of Portland, Ore., and Miss Maud McTavish in Ontario, and one brother, Gordon Campbell McTavish, Vancouver.

ALL WITH GOODYEAR WELTED SOLES

—Men's Shoes, Government St.

## SPECIAL

Roast Young Turkey Luncheon, 60c  
Saturday, 11.30 till 2.30; Dining-room Third Floor

Here's sure to find you more beguiling  
If your hair is lustrous, shining!

No other shampoo leaves hair so lustrous  
and yet so easy to manage!

For glamorous hair, use Special Drene with Hair Conditioner added... the only shampoo that reveals up to 33% more lustre than soap, yet leaves hair so easy to arrange!

Who steals his heart away? The girl with the lovely, shining hair, of course! And if you want to win a man's heart, always keep your hair romantically lustrous. Never let soap or soap shampoo hide the natural beauty he loves.

Instead, use Special Drene. See the dramatic difference after your first shampoo... how gloriously it reveals all the lovely sparkling highlights, all the natural colour brilliance of your hair.

And now that Special Drene contains a wonderful hair conditioner, it leaves hair far silkier, smoother and easier to arrange... right after shampooing. Easier to comb into smooth, shining neatness. If you haven't tried Drene lately, you'll be amazed!

You'll be thrilled, too, by Special Drene's super-cleaning action. For it even removes all embarrassing, flaky dandruff the first time you use it... and the film left by previous soaps.

So, before you wash your hair again, get a bottle of Special Drene with Hair Conditioner added! Or ask your beauty shop to use it. Let this amazing improved shampoo glorify your hair!

\*PROCTOR & KEMBLE, after careful tests of all types of shampoo, found no other which leaves hair so lustrous and yet so easy to manage as Special Drene.

Special Drene  
with  
Hair Conditioner

Soap film dulls lustre—  
robs hair of glamour!

Avoid this beauty handi-  
cap! Switch to Special  
Drene! It never leaves any  
dulling film, as all soaps  
and soap shampoos do.

That's why Special Drene  
reveals up to 33% more  
lustre!

### Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain, often need a nerve and general tonic. Glycero Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal. If the loss of appetite was due to a deficiency of Vitamin B (1) in the diet, \$1.00 at all Cunningham Drug Stores and other Drug stores. (Adv. OC-1)

W.A. to F.O.E. met Tuesday in the clubrooms, View Street, Mrs. R. Beckley in the chair. A "donation" was sent to the "Shower of Dimes" in aid of the Solarium. An anniversary banquet will be held at Terry's May 17 at 8.30. Card game for May has been postponed.

### New under-arm Cream Deodorant safely Stops Perspiration

1. Does not irritate or burn skin. Does not irritate skin.
2. No stinging or dry. Cash applied right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Prevents odor.
4. A pure, white, greaseless, smooth vanishing cream.
5. Awarded Approval Seal of American Institute of Laundering for being harmless to fabric.

Arrid is the largest  
selling deodorant

39¢ a jar

Also in 1/2 and 3/4 jar

### British Wren Pays Tribute to Girls Of Canada

OTTAWA (CP)—Superintendent Joan Carpenter, Women's Royal Naval Service, who came from one of the most important war jobs in England to organize the "Wrens" for the Royal Canadian Navy, has completed her work in Canada and returned safely to the United Kingdom, said naval headquarters in a press release issued Wednesday.

In leaving, she paid tribute to the young women of Canada, "they are fine," she said. "They are intelligent and alert, wholesome and refreshing. Like all Canadians, they have initiative and enterprise. In view of this individuality and ability to think for themselves, the wholehearted manner in which they have taken to the service and its discipline has been most gratifying."

Superintendent Carpenter had one admonition for Canadians—there were still many, she thought, who lifted their eyebrows at the thought of women in uniform, and had not yet come to accept women in the services as "quite the proper thing."

### Red Cross Notes LAKE HILL UNIT

The general meeting of the Lake Hill Red Cross will be held Easter Monday at 2.30.

Esquimalt Red Cross unit met Monday with the president, Mrs. Baugh Allen, in the chair. Mrs. Hopwood reported 1,230 articles made since Jan. 1. A large hand-woven rug, kindly donated and made by W. Hastie Cochrane, is being raffled. Mrs. D. Spencer, 2906 Cook Street, has very generously offered her gardens at the disposal of this unit, and these beautiful gardens will be open to the public May 5 between 2 and 6 p.m., all proceeds going to the Red Cross. If the weather is unsuitable the gardens will be open on May 12. The next meeting will be June 28.

Miss Mabel Hoffman, a bride-elect, was guest of honor recently at a tea held at the home of Paymaster-Lieut. and Mrs. J. G. B. Horne, Oscar Street. Miss Hoffman was presented with a corsage bouquet of red carnations and many personal gifts. Guests included Mesdames Hylda Miles, Edna Finkins, Mabel Horne, Margaret Gore, Phyllis Hazzard, Dolly Jones, Violet Kendall, Lucy Haasala, Violet White; Misses Doris Horne, Joan Cowdery, Doris Hooper.

BUY WAR SAVINGS BONDS

One of the important phases of Red Cross work is the provision of clothing for sailors who have been rescued from the sea after a torpedoing which is part of the swift and savage warfare now raging in the Atlantic. On reaching port they are warmly clad and cared for by the Red Cross and other organizations concerned with their well-being. In the picture above, a worker sits in front of stacks of tweed trousers which were made up free by a Canadian factory for the Red Cross.

## Personal Notes

His Honor the Lieutenant-Governor and Mrs. W. C. Woodward left Wednesday evening for their home in Vancouver where they will spend the Easter holidays with their family. They expect to return to Government House towards the end of next week.

Mrs. Karley Pinkerton and her son, Bruce, came over from Vancouver today to spend a couple of weeks in Victoria, guests at the Empress Hotel.

Mrs. Chas. M. Taylor has arrived from Winnipeg to spend several weeks in Victoria, the guest of Mrs. A. F. D. MacGachan, Despard Avenue.

Mrs. Jonathan Rogers is among the Vancouverites planning to spend Easter at the Empress Hotel. Mr. and Mrs. Ronald Graham and three children will also be holiday guests there from the mainland city.

Mrs. Dollie Darling and her daughter, Diana, have been in Edmonton for the wedding there of the former's son, Sgt. Michael Darling. They will return to their home in Victoria on Tuesday.

Mrs. Freer Brock of Vancouver will spend Easter in Victoria with her brother and sister-in-law, Mr. and Mrs. E. W. Martin of Winnipeg, who have had a house in the Uplands for the winter and plan to return to their Manitoba home in two weeks' time.

Guests from Victoria at the Priestley-Hinton wedding in Vancouver Saturday evening included Mrs. E. McIntyre, Mrs. Irene Beaven, Miss Eileen Munroe, Miss Dorothy Richdale and Messrs. Dick Johnson, Harry Carter, Roy Brain, Jack Syme, Renee Davies, Ken Simpson.

Sgt. John R. C. Gould, R.C.A.F., and his bride, the former Doris Lillian Walker of Victoria, are honeymooning at Qualicum following their marriage April 16 in St. John's Anglican Church, Vancouver. Later the groom will return to Bella Bella, B.C., and she will reside temporarily in Victoria.

Miss Mabel Hoffman, a bride-elect, was guest of honor recently at a tea held at the home of Paymaster-Lieut. and Mrs. J. G. B. Horne, Oscar Street. Miss Hoffman was presented with a corsage bouquet of red carnations and many personal gifts. Guests included Mesdames Hylda Miles, Edna Finkins, Mabel Horne, Margaret Gore, Phyllis Hazzard, Dolly Jones, Violet Kendall, Lucy Haasala, Violet White; Misses Doris Horne, Joan Cowdery, Doris Hooper.

Sgt. J. L. M. Hall of No. 2 Wireless School, Calgary, and his bride, the former Olive Duncan, arrived here last Sunday to visit his parents, Mr. and Mrs. H. M. Hall, "Bollitree," Gordon Head. The young couple, who will leave next Tuesday for their home in the Alberta city, are being much feted during their stay here. This morning, Mrs. W. R. Campbell of "Wynwood," Gordon Head, entertained at a coffee party in the bride's honor, and this evening the bride and groom will be the guests of honor at a dinner party to be given by Mrs. Johnson-Tighe, at her home, "Howrah," Gordon Head. Mrs. G. F. Griffin also gave a luncheon for the bride.

### Eight Aspirants Chosen at League's Talent Contest

Eighteen aspiring artists entertained an enthusiastic audience at the Shrine Hall Wednesday evening by taking part in the annual talent contest, sponsored by the Solarium Junior League, in connection with the April shower of dimes, to assist the home for crippled children.

Eight especially gifted contestants were chosen to appear on the stage of the Capitol Theatre April 30, when an applause meter will determine the winners of a \$50 Victory Bond, a \$15 War Savings Certificate and a \$10 War Savings Certificate. Barbara Gordon and Jean Dumerton, two of the chosen artists, are members of the Oak Bay Music Makers, and will be in Vancouver on the night of the final competition, thus forfeiting their places to two other entrants.

Dick Batey acted as master of ceremonies, and judging was performed by Mrs. Glenn Simpson, M. V. Chestnut of radio station CJVI, and Cpl. Jerry Gosley, R.A.F. Order in naming contestants was in no way an indication of marks attained, order of merit being attested at the final judging.

Selection was made of the eight following contestants: Peggy Sutherland, vocalist, who sang "Why Won't You?" words and music composed by herself; Barbara Gordon, monologue, "Caught in the Draft"; Allan Booth, R.C.N.V.R., "A Little Bit of Heaven"; Mrs. Thelma Plante, old-time fiddler, who played "The Devil's Dream" and "The Mason's Apron"; Jean Dumerton, vocalist, "My Hero"; Helen McNaught, vocalist, "When You're a Long Way From Home," and "That Wonderful Mother of Mine"; Horace Booth, R.C.N.V.R., "Laugh Clown, Laugh," and F. T. Lavery, one man band, who gave a medley of "Plantation Party Songs," "I Like a Girl," "Goodbye Darling," "Kiss Me Goodnight Sergeant Major," "Plantation Party Song."

Madelyn Keay was the guest artist, who played several artistic selections during intermissions, and Miss Grace McLeod was the gifted accompanist during the program.

Mrs. R. D. McCullough is the energetic convener for the contest, assisted by Mrs. Graham Harris, Mrs. N. Morgan, Misses Helen Peden and Gwen Watkins.

### Spring Concert Aids Junior Red Cross

Presentation of a school operetta and play at Mount View High School in aid of the Junior Red Cross War Nurseries Fund met with enthusiastic response Wednesday night. The concert will be repeated tonight.

The operetta, "The Maid of the Mill," by Arthur Penn, was directed by Miss Joan Bruce, who was congratulated by Dr. J. M. Thomas, principal of the school, and who received a corsage presented by Miss Betty Dempsey, who played the feminine lead.

The cast included Miss Dempsey, Arnold Hornby, Rae Peasland, Don McKinnon, Steve Michaud and Rachel Woodward.

A female chorus was made up of Betty Knudsen, Mary Gunn, Enid Magrath, Pearl McAllister, Patsy Knudsen, Jean Duncan, Helena Derman, Muriel Burton, Shirley Clarke, Betty Spiller, Pat McAllister, Betty Murray, Betty Russell, Eleanor Melville, Amy Sim and Peggy Williams, while the male chorus included Bill Sherman, Arthur Burgess, Roy Chester, Murray Boggs, Gordon Cawsey, Frank Garnett, Tom Moffat, Bill Moffat, Phil Lewis, Bill Patterson, Creighton Milligan, Harold Temple, Ken Restall and Robert Clarke.

The farce "Romance is a Racket," by John Kirkpatrick, was directed by D. W. Brown with Mr. Huddleston as stage manager.

The cast included Pamela Butcher, Marguerite Hurst, Verene May, Trudie McGill, George Reid, George Ridley and Arnold Hornby.

Planists were Misses Butcher and Diana McMichael.

and a colonial bouquet to Miss Pauline Griffin, who, wearing her great-grandmother's gown, presented a collection of charming gifts to the bride. The guests included Mesdames J. E. Tysoe, Jack Tysoe, Claude Welchman, F. Jupp, J. P. Simon, Stead, H. Penman, Bassett Riskey, Hugh Sutherland, G. Lucas, Porter, W. R. Campbell, H. Lawson, S. S. Burnett, Johnson-Tighe, Caron, C. F. Griffin, H. M. Hall, M. Webb, R. C. Pembroke, M. P. Blandy, W. Llewellyn, Trouson, C. S. Wilson, Misses Edwards, Houlihan, McMahon, Staveley, Olive Staveley and E. Van Becker.

Miss Marie Carnie will arrive from Vancouver this evening to spend the Easter weekend with her parents, Mr. and Mrs. E. H. M. Foot, Uplands Road.

### Clubwomen

Ladies' Guild of St. John's Church met on Monday in the guildroom with Miss E. Denny, first vice-president, in the chair. Mrs. G. Biddle read the opening prayers. Final arrangements were made for the silver tea at the rectory on Friday, April 30. There will be a fancy work stall, with Mrs. A. Townsley and Mrs. E. A. Fulton as conveners. The musical program to be arranged by Mrs. Len Batchelor.

W.A. to the Navy League of Canada, held a successful St. George's Day tea in the Y.W.C.A. Tuesday afternoon. Mrs. R. Shanks, president, welcomed the guests. Tea was served by Mrs. Stone, assisted by Mesdames Lucas, Davies and Bunch. Mrs. Spaven and Mrs. Wetherill had a novelty and apron stall; and Mrs. Filewod was in charge of tea receipts. Proceeds are in aid of the Rainbow Sea Cadets Fund. Next meeting of the W.A. will be held Friday, April 30, at 2.30, in the Y.W.C.A.

Victoria Hand Weavers' Guild held its spring meeting Saturday at the home of Mrs. George Anstey, Mrs. J. L. White, the president, in the chair. Miss Marjorie Hill was appointed press secretary. It was decided to hold the birthday tea May 15, instead of on May 8, as previously announced. The tea will be given in the Business and Professional Women's Clubrooms, 301 Union Building, from 2 to 5 p.m. Arrangements were made for the convening of the tea by Mrs. Anstey and for the exhibit of hand weaving by Miss Turner, assisted by Mrs. Wilson. Demonstrations of Inkle loom weaving, card weaving and spinning will be given at the tea, to which the public is invited. Mrs. Arnold demonstrated to the members the sorting and washing of a fleece of raw wool. At the conclusion of business Mrs. Anstey served refreshments, assisted by the president, with Miss Turner pouring the tea. It was decided to have the next meeting at the call of the president.

Saskatchewan W.A. entertained 80 of the forces on Sunday evening in the hall, corner of Cook and Fort Streets. Mrs. Irene Clark welcomed the guests, the program being in charge of Mrs. A. Ball. Pupils of Betty Clark taking part were Jerry Ash, Tanis Carlson, Betty Doune, Ivadul Hanson and Louis Poirrier; Lyle Carlson, piano-accompanist selections; Mr. C. Conrad led community singing with Mrs. Conrad at the piano; Mrs. F. Thomas gave whistling selections. Refreshments were served by Mesdames Anderson, Dorman, Bone and Lowery. The auxiliary will hold a public dance Easter Monday in the A.O.F. Hall to raise funds to assist in their work sending parcels to men in the forces and will entertain a group of forces once a month. The next meeting will

## New Rinso

SOAPY-RICH

### The best Rinso ever made!

YOU'LL NEVER BE SATISFIED WITH ANYTHING ELSE ONCE YOU SEE RINSO WHITENESS

• JUST IMAGINE! The New Rinso, in the same familiar package, is the best Rinso ever made! Now, when washes are bigger, dirtier than ever, comes this improved Rinso. It gives you more washing power to get those extra-dirty clothes and overalls spotlessly clean—easily. It gives you longer lasting suds, even in hardest water. It goes so much farther, you'll say it's even more economical. And New soapy-rich Rinso is easier on hands, too.

Try this great New Rinso NOW! See all the extra advantages it offers. New Rinso gets clothes clean without hard scrubbing and boiling. This safe, gentle "no-scrub" way makes clothes last longer. That's mighty important these days.

## Schubert Club Elects Mrs. Lea Palmer As President

Mrs. Lea Palmer was elected president of the Schubert Club for the ensuing year at the annual meeting held Monday evening at the home of Mrs. Nona Noel, 23 Linder Avenue. Other officers elected were: Hon. president, Mrs. Christine Hebben, who agreed to act in the absence of Mrs. Eileen Brown; vice-president, Miss Hazel Clyde; secretary, Mrs. Marguerite Rush; librarian, Mrs. Clara Robinson; treasurer, Mrs. Lola Kenmuir, and publicity secretary, Mrs. Maudie Carver.

Reports presented by the executive proved the past year, completing the 20th year of the Schubert Club, had been successful musically and financially. Mrs. Eileen Brown, past president, remarked on the fine spirit of co-operation and expressed deep regret in leaving the club.

The vice-president, Mrs. Verna Nimmo, read the club's constitution to the members, followed by the secretarial report on attendance and general business activities by Mrs. Marguerite Rush. Miss Sylvia Kelly tendered the financial statement, as well as a report for the librarian, Mrs. Clara Robinson, who was unable to attend. Mrs. Lea Palmer presented a report on the year's activities in connection with the recitals rendered by the choir during the past season.

Mr. Frederic King, founder and conductor of the Schubert Club, noted: "We have come to the end of the year without perhaps accomplishing all we had planned and hoped for but looking forward always to next year's work we will strive to overcome this year's handicap." He thanked the officers and members for their fine support, especially complimenting Mrs. Eileen Brown on her wonderful leadership as president, with the hope that she would be back with the choir again soon. Mrs. Grace Timp, who would also be deeply missed in the capacity of accompanist; she had always been dependable and untiring in her artistic efforts in her 15 years of association with the club, said Mr. King.

Mrs. Brown presented Mr. King with a token of appreciation from the choir and Mrs. Nimmo added a gift for Mrs. King, who was unable to attend. Mrs. Timp, who was not present, will be presented with a beautiful mirror from the choir. Mrs. C. Hebben made a farewell presentation to Mrs. Eileen Brown of "A Victor Book on Opera."

A vote of thanks was extended to Mr. and Mrs. Noel for their kind hospitality, after which refreshments were served by the members of the choir.

A meeting of all ladies who contributed to the Sooke Women's Emergency Hospital will be held in the Sooke Hall dining-room Tuesday next at 8 p.m.

## Weddings

### PRIESTLEY—HINTON

A wedding of interest to many friends in this city took place Saturday evening in St. George United Church, Vancouver, when Frances Lillian, daughter of Mr. and Mrs. A. A. Hinton, Vancouver, became the bride of Kenneth Priestley, son of Mr. and Mrs. A. F. Priestley, 1426 Harrison Street, Victoria. Rev. R. A. Redman, Chilliwack, performed the ceremony, assisted by Rev. W. H. H. Norman, Mr. Wm. Bateman played the wedding music and Mrs. H. White was the vocal soloist.

Given in marriage by her father, the bride wore a gown of floral shadow crepe, with a finger-tip veil, and carried a bouquet of red and white roses. Her only ornament was a gold locket, a gift of the groom. Attending the bride was Miss Phyllis Richardson, Chilliwack, wearing pink sheer, and Miss Lynette Priestley, Victoria, in pale blue sheer. Both carried bouquets of blue iris and pink carnations. Mr. Clifford Joyce supported the groom, and the ushers were Messrs. Leslie Priestley, Victoria, and Wm. Smith, New Westminster.

Pink and white tapers, white carnations and pink sweetheart roses were arranged on the supper table, at a reception held at the home of the bride's grandmother, Mrs. Wm. Hinton, Vancouver. Mrs. Hinton received the guests, wearing an ensemble of Queen's blue, assisted by Mrs. Priestley, in powder blue.

Following a honeymoon at Chilliwack and Nanaimo, the young couple will make their home at 423 Young Street, Victoria. For traveling the bride wore a suit of British tan, with pale blue accessories.

### DARLING—LASELL

EDMONTON—In the chapel of St. Stephen's College Friday, Rev. A. R. Schrag, assisted by Rev. P. G. McLennan, chaplain of Manning depot, officiated at the marriage of Mary Adeline, only daughter of Mrs. Lasell and the late Mr. D. A. Lasell of Wetaskiwin, to Sgt. Michael Darling, R.C.A.F., son of Capt. and Mrs. M. D. A. Darling of Victoria. Given away by her brother, Mr. C. E. Tupper of Edmonton, the bride wore a gown of white brocade satin. Her veil was worn with a wreath of white baby roses, and her only ornament was a string of gold beads, belonging to her grandmother. She carried a shower of pink roses.

Miss Lila Thomason, bridesmaid, was in daffodil yellow, her matching chapel veil caught by a cluster of yellow flowers. Her bouquet was of sweetheart roses and sweet peas. Flower girl, Marilyn Tupper, cousin of the bride, was in pink tulle with a matching ribbon in her hair. Her flowers were baby roses and forget-me-nots. Best man was Sgt. E. R. Neilson, R.C.A.F.

For the ceremony the chapel was decorated with spring flowers and palms. AC Alexander White, R.C.A.F., sang "Because."

More than 30 friends attended the reception in the Corona hotel. Mrs. Lasell wore a teal blue two-piece suit. Her shoulder corsage was of Tallman roses. Receiving with her, Mrs. M. D. A. Darling of Victoria, wore pale mauve with matching accessories and corsage of American beauty roses.

White streamers and a silver wedding bell formed the decoration on the bride's table; a three-tiered wedding cake set in a bed of pale blue and white tulle forming the centrepiece. PO. Leonard Gads, R.C.A.F., proposed the toast to the bride.

Going away, the bride wore a two-piece suit of turquoise wool brown accessories and a beige camel hair coat. Tallman roses comprised her corsage. After a short honeymoon the young couple will be at home in Bonnie Doon.

### MITCHELL—BAILLIES

Wednesday evening in the vestry of First United Church, Rev. Hugh McLeod officiated at the marriage of Janet Helen Baillies, R.N., only daughter of Mrs. F. Baillies, 1314 Yates Street, and the late Capt. J. A. Baillies, and Mr. James Mitchell, Vancouver, younger son of Mr. and Mrs. J. Mitchell, 139 St. Andrew's Street, Victoria.

Given in marriage by her brother, Alex. Baillies, R.C.N. V.R., the bride looked charming in a two-piece afternoon frock of turquoise blue with matching accessories. Red roses, lily of the valley and white heather formed her corsage bouquet.

Mrs. Boyd Ramsay, as matron of honor, chose a dress of Churchill blue, with navy hat, and wore a corsage bouquet of pink carnations. Mr. Boyd Ramsay supported the groom.

A small reception was held at the home of the bride's mother for relatives of the bridal couple. For the honeymoon trip the bride donned a dressmaker suit of moss green with brown accessories and tailored topcoat of green and brown plaid. Mr. and Mrs. Mitchell will make their home on the mainland.

## P.T.A. News

Monterey P.T.A. held their regular monthly meeting Tuesday at the home of Mr. and Mrs. H. C. Mangin, 1352 St. Patrick Street. Following the business the members enjoyed a sing-song, recreational games and refreshments.

The delegates for the convention at Vancouver next week are: Mrs. L. R. Harper and Mrs. William Lloyd. The prizes for the games' night were won by Miss M. E. Dunn and Patricia Jones. The next meeting will be held at the annex of the Old High School, Oak Bay Avenue. Dr. G. C. Carl, director of the provincial museum, will show colored moving pictures.

## To Address Club

Major H. G. Scott, who several months ago was made liaison officer between the Canadian and Allied armies, and was a former member of the British Intelligence Service, will speak to the Women's Canadian Club Tuesday afternoon at 2.30, in the Empress Hotel. His subject will be: "After Three Years."

Mrs. Gwen Brown will sing, accompanied at the piano by Mrs. G. A. McCurdy. The difficulty of securing equipment was stressed by the president, Mrs. W. N. Sheffield, at a meeting of the W.A. to Three Services Canteen, at the Y.W.C.A. In her report the president voiced the hope that perhaps someone would be willing to donate an electric fan for the summer months, as it is impossible to buy one at present. During the month two concerts were given at the canteen, and sing-songs on Saturdays and Sundays are proving very popular, it was stated.

## RATION NEWS

### Meat Rationing

Meat rationing will start during May. Details of the plan, including charts showing the coupon values of each cut of meat, will be available shortly. The meat ration of approximately two pounds per week per person will include a certain percentage of bone. All cuts to be rationed will be classified according to bone content and different amounts of each class may therefore be purchased.

### Illegal Sales

It is illegal for any dealer to tie the sale of any goods to the sale of a rationed commodity. For instance, your dealer cannot force you to buy rhubarb in his store if you wish to purchase the extra pound of sugar allowed for cooking rhubarb for table use. No. 1 Spare "B" (blue) Coupon, good for the extra pound of sugar, for rhubarb, is now valid. It expires May 31.

### Butter Coupons

Butter Coupons Nos. 1, 2, 3, 4, 5, and 6 are now good. The first five expire on April 30; Coupon No. 6 expires May 31. Coupon No. 7 becomes good on April 24, Coupon No. 8 on May 1 and Coupon No. 9 on May 8. These Coupons also expire May 31.

### Local Ration Boards

325 Local Ration Boards have been opened across Canada for the convenience of the public. Applications for Temporary Ration Cards for members of the Armed Forces, for visitors to Canada, and for replacements of lost or stolen books, are available at these offices. Notification of change of name or address may also be filed there. Find out where your Local Ration Board is located and refer to it when you have ration problems.

### Visitors to Canada

On application to a Local Ration Board or Branch of the Ration Administration, visitors to Canada for five days, or longer, may secure Ration Cards on completion of a visitor's application form.

This column will appear in this newspaper every week to keep you up-to-date on Ration News. Clip and keep for reference.

## BELMONT

A special service will be held Friday evening at 8. Dr. A. E. Whitehouse, president of the B.C. Conference, will deliver the address. Rev. H. W. Kerley will conduct service. The choir will sing a chorale from the cantata "Gethsemane." Mrs. T. Hardy will be soloist.

## CENTRAL

A young people's rally will be held Friday night at 8. Special items will be contributed to the meeting by the various groups attending. Guest speaker will be Rev. Arthur Barber of Duncan.

## ST. ANDREW'S

Public worship will be conducted Good Friday by Rev. J. Lewis W. McLean at 11 a.m. Moderator of Synod, Rev. T. H. McAllister, will preach the sermon. A quartette will sing. In the evening the sacred cantata, "Olivet to Calvary" (Maundy), will be presented at 8 by the combined choirs of St. Andrew's and Fairfield United Churches.

## CITADEL CORPS

Special week-end meetings will begin Friday night at 7.30 at the K. of P. Hall (small hall). Major and Mrs. McInnes in charge, assisted by the band and songsters. The theme will be "A Meditation."

Saturday night meeting will be held in the reading room at the social department, Johnson St.

## VICTORIA WEST CORPS

Song service and tableau entitled "The Voice of the Cross" will be held at 8 Good Friday evening in the Salvation Army Hall, Catherine and Edward Streets.

## Success of Loan Vital to Victory

HALIFAX (CP)—The success "of the Fourth Victory Loan is of more vital significance to our war program, to the future of our cause and of this country, than any previous financial undertaking in our nation's history," declared G. W. Spinney of Montreal, chairman of the national war finance committee, before a gathering of Halifax social clubs. "The loan campaign," he said, "will require work, effort, understanding and self-denial above and beyond anything ever yet required of us here on the home front."

# It'll Do It Every Time

# House Adjourns For Easter Recess

OTTAWA (CP)—Parliament today entered on an Easter recess, the House of Commons until May 6 and the Senate until May 5, leaving the important Income Tax Act amending bill for consideration by the Senate after the two weeks' holiday.

The House Wednesday dealt expeditiously with the supply measure authorizing the expenditure of \$40,000 for the salaries of 10 parliamentary assistants to key ministers. The bill was quickly put through all stages Wednesday, dealt with by the Senate with the same speed and signed.

The parliamentary assistants, all private Liberal members of the House, will be named during the recess.

# Spring Concert Aids Junior Red Cross

With more than 200 of the school's 350 pupils taking part, the spring concert staged by the Junior Red Cross of the Central Junior High School was enthusiastically received last night by an audience of parents and friends in Victoria High School auditorium.

Planned to raise an additional \$250 towards the Canadian Junior Red Cross Overseas Nursery Fund, the committee in charge reported they were within a few dollars of the needed amount.

After remarks by F. G. Mulliner, chairman of the Victoria School Board, the concert opened with a massed chorus of grade 8 girls. Concluding the first part of the program, the grade 9 girls, assisted by grade 7 and grade 8 boys, staged a campfire sing-song, during which individual soloists gave impromptu numbers. The singing was under the direction of Miss Winnifred Elliot.

Featuring the folk dances of nine United Nations, the "Flags of Victory" number was well received. In authentic costumes the grade 8 girls presented dances of Scotland, Poland, Czechoslovakia, Greece and Norway. A note of Oriental color was added to the program when the Chinese students of the school performed in the "Dance of the China Girls." A Russian number was contributed by grade 9 girls, while several grade 7 girls did a folk dance of

"What a thrill... to have people admire my hair!"

Given the right care, most hair can be lovelier, more lustrous, worthy of admiration and receiving it. And how Danderine can help! Use it daily. **Danderine**  
The modern, time-saving way to lovelier hair.  
MEN, TOO, like Danderine. It fights dandruff, keeps hair neat. All drug and department stores.

# Former Victorian To Broadcast War

TORONTO—Developments in plans for direct radio broadcasting from the front line with the Canadian troops have been announced by Rev. James S. Thomson, D.D., general manager of the Canadian Broadcasting Corporation.

A. E. Powley, senior editor of the CBC central newsroom at Toronto, and Matthew H. Halton, former Toronto Star newsman, have been assigned to the CBC overseas unit as special war correspondents and will go to Britain shortly.

Powley, who was on the Toronto Mail and Empire, Star, and Telegram before he joined the CBC national news service at its inception in December, 1940, will head the CBC overseas news set-up from London, while Halton and Peter Stursberg, formerly of the CBC Vancouver newsroom and now with the overseas unit, will go with the troops into the fighting zones.

Peter Stursberg started his newspaper career as a reporter on the staff of the Victoria Daily Times. He later served the Vancouver Daily Province and left that paper to join the news staff of the CBC in Vancouver. Some months ago he was sent to London and, since then Canadians have heard him in broadcasts from points in Britain.

Plans are also being made for a corresponding organization of French-Canadian reporters to

# You Women Who Suffer From HOT FLASHES then CHILLY FEELINGS

During 38 to 52 Years of Age!

### Clothing Urgently Needed for Russia

Virtually no clothing industry is left in Russia, it is reported by survivors of Russian ships wrecked on the Pacific coast. The only clothing manufactured is for the Russian armies. Clothing sent through Lease-Lend is mainly for the Soviet soldiers and airmen. Boots only are provided in limited quantities for civilians.

Millions of Russian women and children are rendered homeless and destitute by German bombs. They are without clothing of any sort, except what they wear. Their only resort is the clothing they receive through parcels given by the Red Cross, Canadian Aid to Russia Fund and other humanitarian organizations.

The clothing committee of the Russian Fund appeals for warm clothing to send to these brave people. Cases are being packed and sent from Victoria weekly, but more is urgently needed. Mrs. W. E. M. Mitchell, convener of the clothing committee, and a volunteer staff are in attendance at clothing headquarters, 1010 Government Street, every day, except Sunday, from 10 a.m. to 1 p.m. to receive contributions. All wearable and clean clothing is acceptable, but those most desirable are underwear, men's suits, overalls, sweaters, jackets, coats and baby clothes. All clothing received is baled under pressure and given free transportation by the railways to shipping points. Over 200 cases have already been sent from Victoria. It is hoped to double this total.

**WHY PERTUSSIN IS SO FREQUENTLY PRESCRIBED FOR**  
**Bad Coughs**

Pertussin—a well-known herbal remedy—often brings relief with the first spoonful. You see—Pertussin is scientifically prepared to work internally to relieve your cough, spasm. Pertussin increases natural secretions in the respiratory tract to soothe irritated membranes. It improves ciliary action and loosens sticky phlegm and makes it easier to raise. Safe and effective for both old and young. Inexpensive!

### Protestant Group Backs Dr. Shields

More than 500 enthusiastic adherents and friends of the Canadian Protestant League attended the meeting in the Central Baptist Church Tuesday, in response to a call issued by the local members of the league.

Victoria ministers taking part included Rev. F. M. Landis, Rev. F. W. McKinnon, Rev. Jas. Hood, with Dr. J. B. Rowell presiding.

The speaker was Rev. W. M. Robertson, pastor of the Metropolitan Tabernacle, Vancouver, and well-known radio preacher, who spoke on the subject "Three Great Protestant Principles." In the course of his address, Mr. Robertson stated these principles as "The supremacy of the Bible as the Word of God," "The Supremacy of the Grace of Christ," and "The Priesthood of all Believers."

The following resolution was unanimously and enthusiastically passed by standing vote:

"To Dr. T. T. Shields, president of the Canadian Protestant League, Toronto: More than 500 assembled in the Central Baptist Church, Victoria, send greetings and the assurance of our support in the cause of Christ, and the Protestant position as represented by the Canadian Protestant League. May God bless, guide and control all to His own glory and the maintenance of the principles of the great Protestant reformation."

More than 60 new members were enrolled, bringing the membership of the local branch of the Canadian Protestant League to more than 350.

### Draft Evader Gets 3 Months' Hard Labor

Kenneth Walter Cameron was sentenced on a charge of draft evasion to three months' hard labor by Magistrate H. C. Hall Wednesday.

Magistrate Hall ordered that at the completion of the term Cameron be taken in police custody to the nearest military base and remain in police custody until he has been made a member of the active army.

Before passing sentence the magistrate asked the accused if he had announcement to make as to his intention towards military service. Cameron said he had none and said he must proceed with his business.

Cameron, who was represented by Stuart Henderson, had been previously charged with draft evasion but freed. Since that time the draft regulations have been amended. Cameron in the latest call was told to report for military training last Nov. 17.

M. B. Jackson, K.C., appeared for the crown.

### Army Car, Truck Collide

An army officer today suffered a broken finger and another passenger suffered minor facial cuts and bruises when the car in which they were riding and a Hudson's Bay Co. delivery truck crashed head on at Cedar Hill Cross Road and Reynolds Road.

Saanich police gave the driver of the truck as James Rhodes, 412 Raynor Avenue. They said the army car was going east on Reynolds Road while the truck was proceeding west on Cedar Hill Cross Road.

Both the car and truck were considerably damaged.

### Busy Program Here For John Bracken

Progressive Conservative Leader John Bracken, former Premier of Manitoba, is expected in Victoria Easter Sunday morning.

He and his wife will spend the day quietly with their son and daughter-in-law, Lt. Bruce Bracken, R.C.N.V.R., and Mrs. Bracken at their Victoria home.

On Monday the new Progressive Conservative chieftain will have a busy day. He will address a Victory Loan breakfast at the Empress Hotel and speak to the Men's Canadian Club at a noon luncheon.

In the evening he will be honored guest of Greater Victoria Conservatives in the Conservative rooms at 728 Fort Street. That night he will return to Vancouver for a two-day visit.

Mr. Bracken is now touring the Okanagan district, fulfilling a number of public speaking engagements.

### 'Olivet to Calvary' To Be Given Friday

As an introduction to the rendering of Maunder's sacred cantata, "Olivet to Calvary," to be given at 8 Good Friday evening in the St. Andrew's Presbyterian Church by the massed choirs of that church and Fairfield United, E. A. Forrest, leading Winnipeg baritone, will sing a group of sacred numbers appropriate to the occasion.

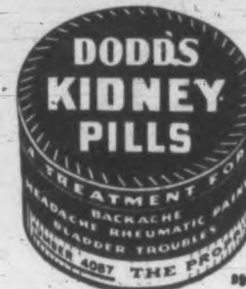

This is the first time the two choirs have joined in the Passion Week music, and it is expected that a fine performance of this musical story of the Cross will be given under the leadership of C. C. Warren, conductor of St. Andrew's choir.

The soloists will be: Mrs. H.

T. Weatherby, soprano; Stanley Honeychurch, tenor, and A. W. Trevett, baritone, all of St. Andrew's choir, and Mr. Forrest of Fairfield choir.

Miss Isabelle Pike, conductor of the Fairfield choir, and soprano soloist, Mrs. Percy Rich-

ards, contralto; Mr. Forrest, baritone, and Percy Richards, tenor, will take the quartette music.

The Minister of Finance of the Dominion of Canada offers for public subscription

**\$1,100,000,000**

*Fourth*

# VICTORY LOAN

Dated and bearing interest from 1st May 1943, and offered in two maturities, the choice of which is optional with the subscriber, as follows:

Fourteen-year  
**3% Bonds**  
**Due 1st May 1957**

Callable in or after 1954  
Interest payable 1st May and November  
Bearer denominations:  
\$50, \$100, \$500, \$1,000, \$5,000, \$25,000

**Issue Price: 100%**

Principal and interest payable in lawful money of Canada; the principal at any agency of the Bank of Canada and the interest semi-annually, without charge, at any branch in Canada of any Chartered Bank.

Bonds may be registered as to principal or as to principal and interest, as detailed in the Official Prospectus, through any agency of the Bank of Canada.

Three and one-half year  
**1½% Bonds**  
**Due 1st November 1946**

Non-callable to maturity  
Interest payable 1st May and November  
Bearer denominations:  
\$1,000, \$5,000, \$25,000, \$100,000

**Issue Price: 100%**

Subscriptions for either or both maturities of the loan may be paid in full at the time of application at the issue price in each case without accrued interest. Bearer bonds with coupons will be available for prompt delivery. Subscriptions may also be made payable by instalments, plus accrued interest, as follows:

**10% on application;** **18% on 1st June 1943;** **18% on 1st July 1943;**  
**18% on 2nd August 1943;** **18% on 1st September 1943;**  
**18.64% on the 3% bonds OR 18.37% on the 1½% bonds, on 1st October 1943.**

The last payment on 1st October 1943, covers the final payment of principal, plus .64 of 1% in the case of the 3% bonds and .37 of 1% in the case of the 1½% bonds representing accrued interest to the due dates of the respective instalments.

The Minister of Finance reserves the right to accept or to allot the whole or any part of the amount of this loan subscribed for either or both maturities if total subscriptions are in excess of \$1,100,000,000.

The proceeds of this loan will be used by the Government to finance expenditures for war purposes.

Subscriptions may be made through any Victory Loan Salesman, the National War Finance Committee or any representative thereof, any branch in Canada of any Chartered Bank, or any authorized Savings Bank, Trust or Loan Company, from whom may be obtained application forms and copies of the Official Prospectus containing complete details of the loan.

The lists will open on 26th April 1943, and will close on or about 15th May 1943, with or without notice, at the discretion of the Minister of Finance.

Department of Finance,  
Ottawa, 26th April 1943.

## Shutouts Baseball Feature

## Hurlers Dominate

If opening day in the major leagues was any criterion, this may be the greatest pitchers' year of all time in baseball.

Four games produced four shutouts, two of them 1 to 0 and one of them 11 innings.

Weather conditions permitted only half of the eight scheduled inaugural games to be played Wednesday, and held down attendance even at these contests to a total of 36,721 fans, but classic pitching made the day worth remembering for a long time.

Looking at the day's business in composite there was a total of only 10 runs, 42 hits, of which just nine were for more than one base and up until the seventh inning there had been but three runs scored.

The best mound show was given the largest crowd, 27,709 at Crosley Field in Cincinnati where Lefty Johnny Vander Meer and Mort Cooper duelled for 11 innings before the Reds finally squeezed in front of St. Louis Cardinals 1 to 0.

## BAGBY STARS

A struggle almost as spectacular was staged for 13,847 fans in Cleveland's big Municipal Stadium as the Indians nosed out Detroit Tigers 1 to 0 with a run in the ninth inning. Jim Bagby, who had tamed the Tigers in last year's opener, again was the star. He not only held Detroit to three hits but he drove in the winning run with a long fly.

Pittsburgh Pirates handcuffed Chicago Cubs 6 to 0 with Truett (Rip) Sewell scattering three hits as Paul Derringer made his debut in a Cub uniform before 9,044 fans at Wrigley Field. Chi-

cago restrained Pittsburgh to two runs until the eighth, when the Pirates plastered across four tallies and manager Jimmy Wilson had to use three other hurlers to finish the game. Pittsburgh made 10 hits.

At St. Louis lefty Al Hollingsworth pleased a small turnout of 4,421 by pitching the Browns to a 3 to 0 triumph over Chicago White Sox on four hits. The Browns bagged eight hits, but were held to one run by bespectacled Bill Dietrich till the seventh, when they clinched the victory with another pair.

The same teams are matched again today, with opening ceremonies planned at the four eastern parks which were closed Wednesday. Tomorrow, Good Friday, is an open date in both leagues.

## NATIONAL LEAGUE

Annual Children's Gala Carded Tonight

Budding aquatic stars from the schools will take possession of the Crystal Garden pool tonight for their annual gala. Program will get started at 7:30.

Elementary school pupils, boys and girls, will compete for the Canadian Legion (Britannia Branch) Cup and the Penderay Cup, respectively, while the Sir

## Sports Mirror

By PETE SALLAWAY

SOFTBALL PROSPECTS for the coming summer are bright, according to Wally Yeamans, new president of the local association.

Yeamans expects a first-class senior men's division to operate, with three crackling good service clubs from the Army, Navy and R.C.A.F., and possibly one civilian outfit. "There is a wealth of good softball material stationed here in the armed forces and we should see one of the fastest leagues in the history of softball in this city," Yeamans said.

Interest in the minor divisions of the league remains as high as ever and they are expected to attract the usual large entry. The women's league will operate as usual and the league officials are confident the sport will experience a sudden rise of popularity this season owing to transportation difficulties and lack of entertainment for the general public.

Joe Addison, former Victoria policeman and a champion British Columbia quarter-miler, who is now a commissioned air gunner with the R.C.A.F., is getting himself in trim for spring service meets overseas, according to a letter just received by Archie McKinnon, physical director at the Y.M.C.A.

Prominent in "Y" athletics here, Addison went overseas with the Forestry Corps but trans-

ferred to the R.C.A.F., receiving his commission in December.

"He lets me know he's eating well, he's put on weight," said McKinnon. "Joe has done some excellent running over there at the different service meets."

Edward Beatty Trophy and the Victoria Amateur Swimming Club Trophy will go to the championship schools.

High school students will compete in the Beatty Cup aggregate, and here the competition is expected to be exceptionally keen.

With many fine swimmers entered from the high schools and Brentwood College, close, thrilling finishes are expected to be the order.

Twenty-two schools in Greater Victoria have filed entries, with 303 individual entries.

Just how slim the chances of staging the Canadian basketball championship final in Vancouver between the Victoria Flyers and the eastern winners are seen in the following comment made by Chuck Jones in the Vancouver Province, after the recent Victoria-Edmonton western Canada final:

"From the financial beating absorbed on the series, an 'angel' will have to be found if a Canadian championship is to be held. The 'nut' reached a four-figure mark and half of that was not realized at the gate. . . . It was an unfortunate series."

Elmer Kreller, flashy winger of the Victoria Army hockey club now engaged in a series with Ottawa Commandos for the Canadian championship, paid a nice tribute to Bill Carse in a recent interview given to Herb Manning of the Winnipeg Tribune. Manning writes as follows:

"Elmer (The Shadow) Kreller, pretty close to the nattiest forward with Victoria Army in the Allan Cup playdowns, gives credit to Bill Carse for his development from a good skater to a type of operator who can flick a puck into the square-foot opening the average goaler hasn't time to cover. . . . With Edmonton Athletic Club juniors a few years ago, Kreller had no superior as a speedball on skates and an accomplished stickhandler, but his capabilities just about ended there. He was less than ordinary as a marksman, and the Edmontonians, for a fact, used him principally for defensive purposes.

At left wing beside Carse this season, Kreller says he couldn't help becoming proficient at goal scoring. His centre man gave him plenty of opportunities, and with that sort of practice he gradually developed into a sharpshooter. Kreller will welcome a switch in venue of the Allan Cup series from Winnipeg to far western ice after the first game here. He regards Winnipeg ice as a jinx, says he never has played a good game here."

## Seattle Rainiers Defeated Again Over 11 Innings

The four-day-old Coast League baseball season saw one team, Portland, shunted out of the 1,000 per cent column Wednesday, and two teams, Seattle and Hollywood, still unable to break into the win column.

Sacramento, 1942 champion, uncorked a new pitcher who lifted the Solons from the lost column with a 3 to 0 victory over Portland. He was Clem Dreisewerd who pitched four hit ball.

Seattle tried hard against San Diego, losing 3 to 2 in 11 innings. Bill Salkeld, batting for pitcher Rex Dillebeck, provided the winning blow, a single which scored left fielder Swede Jensen. The Rainiers outbit the visitors 10 to 9, but San Diego's errorless ball contributed to the victory.

San Francisco joined San Diego as the only undefeated teams in the league by beating Hollywood 5 to 1 in an unspectacular game.

At Los Angeles the Angels and Oakland pummeled each other's pitchers merrily before Los Angeles came through for an 8 to 7 victory. The acorns outslugged the home team 13 hits to 11.

The Sacramento-Portland game demonstrated the kind of rookie talent the league has been recruiting to replace veterans going to war. Earl Peterson, young catcher from Pocatello, Idaho, lifted the ball over the left field fence in the sixth inning for the Solons' third run. It wasn't needed to win, but it was impressive.

## COAST LEAGUE

	R. H. E.
Seattle	2 10 1
San Diego	3 9 0

Oshawa Generals Take Game Lead

TORONTO (CP)—The formidable Oshawa Generals today owe their one-game margin over the dashing Winnipeg Rangers in their best-of-seven series for the junior hockey championship of Canada to the goal-getting ability of a fleet forward from the west and a native son of the motor city.

The westerner, Bill Ezinicki from Winnipeg, and Don Batten, only Oshawa-born boy on the Generals' line-up, produced all the goals for the eastern-Canada champions Wednesday night in their 5 to 3 win over the Rangers in the third game of the series.

Ezinicki scored three goals and Batten got two in the stirring game which the western titleholders came close to winning with a sensational last-period rally which brought the crowd of 10,872 roaring fans to their feet time after time.

The two teams set a sizzling pace right from the start and it was only in isolated moments in the third period that the action lagged.

Their own sensational rally filled the Rangers with confidence for their next meeting with the Generals here Saturday night and goalie Doug (Stonewall) Jackson voiced their buoyant optimism with: "We'll tie it up in the next game, fellows."

The polished Generals, superior in their knowledge of hockey lore and packing more weight than the speed merchants from the west, showed little elation over their victory.

Coach Charlie Conacher expressed pride in his own team and praised the Rangers who "fight until they're ready to drop."

It was fought coupled with speed which sparked the Rangers' in their sensational attack in the last period.

## EAGLES PRACTICE

Eagles baseball team will hold a workout this evening at Athletic Park at 6. All players interested in playing with the club are extended an invitation to attend the training session.

CAMP CAMPBELL, Ky. (AP)—Cpl. Billy Conn, former heavy-weight boxer, has joined the 12th Armored Division here as assistant to the division athletic officer, U.S. army authorities announced Wednesday. Conn will direct and coach the division's boxing teams.

## Victoria Army Beaten After Rousing Finish

## Commandos Grab Two Game Lead

REGINA (CP)—Ottawa Commandos had a firm grasp on the Allan Cup today by virtue of their ability to hold off a determined third-period Victoria Army assault Wednesday night for a 6 to 4 victory and their second straight win in the best-of-five Dominion senior hockey championship series. Ottawa won the first game at Winnipeg 4 to 3.

The western titleholders, proved themselves opportunists in the first two games by scoring when given a man advantage, but in the crucial moment Wednesday night after they yanked their goalkeeper Cadet Art Rice-Jones for a forward they failed to click. Instead, Ottawa's Alex Shibley found the empty Victoria goal for his team's sixth goal.

Earlier, Victoria capitalized three times while Ottawa were short-handed.

The army sextette from the west coast put up a strong offensive in the opening frame but were behind 1 to 0 going into the second period. They trailed 5 to 2 at the end of the second but were within a goal of deadlocking the game with less than six minutes to go.

Cpl. Neil Colville, outstanding star for the winners, Cpl. Mac Colville, Cpl. Kenny Kilrea, Cpl. Ken Reardon, Cpl. Eddie Slowinski and Spr. Shibley accounted for the Commandos' goals.

Pte. Joffre Desilets fired two Victoria goals and Pte. Mel Lunde and Pte. Nick Metz, one apiece. Ottawa players received seven of the 11 penalties called. Commandos failed to beat Rice-Jones while holding a player advantage.

## FIRST PERIOD

Victoria took the offensive from the drop of the puck and Agar bottled up Commandos to get in two shots at Henry in the first 30 seconds. Ottawa struck back with the Colville line boring in and Kampman fired a scorching shot at Rice-Jones, before the crowd gasped as Melnyk just missed a pass that would have sent the Victoria winger into the clear.

Henry drew a hand for a spectacular save when Metz drove the puck at him through a maze of legs, only to see the goalie kick out the shot with Kennedy on top of him.

The British Columbia team kept up the pressure for the first five minutes, then the Colvilles took over for Ottawa to quickly open the scoring at 5:40. Neil and Mac had both tested Rice-Jones and the lanky goalie seemed to have cleared the danger, when Shibley slapped the loose rubber back into the goalmouth and the Colville brothers were standing there alone with Rice-Jones. They made the goalie dive at them, then moved in to a yawning net, into which Neil finally lifted a bouncing puck.

Lunde replied with a terrific shot for Victoria which caused Henry to jump high into the air to take on his chest, and the western champions showed plenty of drive before penalties finally slowed them up and let Ottawa take command for the final 10 minutes of the period.

Reardon and Melnyk went off in quick succession, but no damage was done. Then Metz was thumbed for holding and Neil Colville's screen shot was saved by Rice-Jones.

Lunde grabbed the puck, swept into the clear at centre ice and raced in on Henry, only to miss the corner with his shot.

Rice-Jones continued to hold off Commandos, who were bottling up Victoria, but late in the period Cooper's penalty enabled the westerners to move up and stage a power play that had no sting.

SECOND PERIOD

Victoria went back on attack, but after a minute Neil Colville broke away, shifted around the defence and his goalmouth pass to Shibley caused Rice-Jones to dive and smother the puck. On the next rush Commandos milled around and finally, on a three-way relay, Slowinski and Poirer

## Commandos Still Not Counting On Easy Series Win

REGINA (CP)—Coach Alex Smith and his Ottawa Commandos, eastern Canada senior hockey champions, indicated early today that they are saving the rejoicing until the Allan Cup is in their possession.

Leading the best-of-five Dominion senior championship final series against Victoria Army two games to none, the Commandos showed signs of worry at the ability of the westerners to capitalize when given a man advantage.

"Penalties have been costly in this series," Smith commented. Criticizing the officiating, Smith said the refereeing was "terrific."

"We might as well have been playing football the way interference got by."

"We have the better club and with no bad breaks should finish it off in two more games," he said. "I figure they won't take three straight from us."

Lieut. Bud Ray, coach of the losing team, said he believes the move to Calgary for the third game will do his team good.

"We had unusual success there earlier on this trip," he said, recalling how Victoria knocked out the Alberta senior champions, Calgary Currie Army, and took the initial game of the western final against Winnipeg R.C.A.F. Bombers.

## JINXED AT REGINA

"Regina has been a jinx to us anyway. We've lost two games on this ice," Victoria lost the second game of the western final here.

Players had a new experience when they had to take off their skates to get the blades touched up. The ice was good and the skates had to be just right. The game was delayed almost an hour.

After the game, J. W. Hamilton of Regina, presented Pte. Jim Henry, Ottawa's goalkeeper, with a travelling case on behalf of Regina admirers. Henry was netting for Regina Rangers when they won the Allan Cup two years ago.

Both teams will leave for Calgary tonight.

got the puck to Kilrea, standing just outside the crease, and his quick stab beat Rice-Jones at 1:27.

Victoria's attempts to apply the power lacked sting and at 17:01 Reardon won a dash up the board with a lone Victoria defender and flipped a long pass to Slowinski, who was all alone with Rice-Jones, to score with a low shot to the corner and boost Ottawa's lead to 5-1.

Neil Colville drew a boarding penalty and the western champs immediately came to life again. Henry held them off until 18:10, when Desilets took Kreller's pass, skirted the defence and scored a spectacular goal with a whistling shot to the far corner.

## THIRD PERIOD

Mac Colville was in for two shots in the first minute, then he upset Agar in centre ice to draw a penalty. Victoria moved up for Henry to save from Sutherland and Metz on a ganging play, but Rice-Jones had to dash out over his red line to clear a loose puck before Shibley could get at it.

Commandos kept Victoria from getting organized and repeatedly moved up inside the British Columbia team's blue line. Slowinski had a great chance on a three-man break, but missed the net with Rice-Jones on his knees.

Neil Colville's forechecking was spectacular and the grey-haired Ottawa centre wormed his way around after tying up Victoria to fire a shot dead to the centre that Rice-Jones did well to get with his pads.

The westerners eventually ral-

lied at the nine-minute mark and started peppering Henry with rubber, yet the Commando defence was alert and kept them from getting a clear shot on the net.

Agar, most dangerous of Victoria's forwards, was in for a hot backhand at Henry, then Neil Colville stumbled in on Rice-Jones but could not get away a shot. After a wild ganging play, Victoria scored with players all around Henry. The goal was credited to Lunde with an assist to Metz at 11:52.

Slowinski drew a holding penalty, but for a minute Neil Colville's forechecking tied up Victoria in their own zone and finally they broke away only to make two bad plays at the blue line. Cooper and Lunde drew penalties for mixing it on the boards and the crowd bowed the decision on Lunde.

Still with a man advantage, Victoria scored again on a brilliant move by Metz, who carried the puck up, faked the defence into backing up and finally took Kennedy's drop pass to move in to the red line and blaze a shot home that Henry hardly saw. The time was 14:54.

Victoria kept up the pressure and had the crowd roaring until both sides were at full strength again. Then Melnyk broke in to grab a loose puck and Henry stuck out a glove to make one of the night's most spectacular saves. Seconds later Lunde stole the puck near the crease and hammered a shot at Henry that had goal written all over it, but the Commando netminder kicked the puck with one leg to draw a great ovation.

With three minutes to go, Victoria tossed on five forwards and Kreller immediately shaved the post with a smoking drive.

With 55 seconds left, Rice-Jones was pulled from his net and six forwards drove in. Commandos shook loose and although Kampman missed the open net from Victoria's blue line, Shibley dashed in to take the loose puck and flip it home at 19:43.

LINE-UPS

Ottawa—Henry; Reardon, Cooper; N. Colville; M. Colville, Shibley. Subs: Kilrea, Slowinski, Poirer, Kampman.

Victoria—Rice-Jones; Metz, Sutherland; Agar; Kreller, Desilets. Subs: Melnyk, Lunde, Kennedy, Sawchuk.

Officials—Garney Large, Toronto; Dick Davis, Winnipeg.

SUMMARY

First period—1, Ottawa, N. Colville (M. Colville, Shibley), 5:40. Penalties: Reardon, Melnyk, Metz, Cooper.

Second period—2, Ottawa, Kilrea (Slowinski, Poirer), 12:27; 3, Ottawa, M. Colville, 4:53; 4, Victoria, Desilets (Agar), 5:54; 5, Ottawa, Reardon (M. Colville), 8:13; 6, Ottawa, Slowinski (Reardon), 17:01; 7, Victoria, Desilets (Kreller), 18:10. Penalties: Shibley, Lunde, N. Colville.

Third period—8, Victoria, Lunde (Metz), 11:52; 9, Victoria, Metz (Kennedy), 14:54; 10, Ottawa, Shibley (Kampman), 19:43. Penalties, M. Colville, Slowinski, Lunde, Cooper.

Cup Soccer Match Scheduled Tomorrow

Pair of Province Cup soccer matches will be played at Athletic Park tomorrow and Saturday afternoon.

In the only holiday sports event scheduled tomorrow, the R.A.F. will clash with the Navy, starting at 2:45 with Joe Obee as referee. Last Saturday the Navy turned back the Army in the McGavin Cup series and are looking forward to repeating their success at the expense of the British airmen.

Saturday afternoon the V.M.D. will hook up with the Army with Paul King as referee.

Winners will meet in the local final of the competition at MacDonald Park on May 1.

# TO HELP YOU SAFEGUARD YOUR WAR SECURITIES

You have made a patriotic investment in Victory Bonds . . . or War Loan Bonds . . . or War Savings Certificates . . . perhaps all three . . . to help your country in the war . . . and to help assure your after-war future.

To enable you to preserve your war securities from danger of loss by fire or theft, Canada's Chartered Banks offer a safekeeping service. Here are the details:

**VICTORY BONDS and WAR LOAN BONDS**—Take them to your bank . . . to any branch of any chartered bank . . . the bank will put them into safekeeping for you, will clip your coupons when the interest falls due, and will deposit the money to your name . . . If you haven't a bank account you can authorize the bank to open one for your convenience.

The total charge for this service and safekeeping is only 25 cents a year on bonds (no matter how many) up to \$250 . . . one-tenth of one per cent on amounts over \$250.

**WAR SAVINGS CERTIFICATES**—You can lodge them also with your bank . . . which will take them into safekeeping and for just one small charge cover the whole of the time (or any part of it) from purchase to maturity. Here is all it will cost you — not just for one year — but for 7½ years:

For a \$ 5.00 certificate . . . . .	\$0.10
For a \$ 10.00 certificate . . . . .	.15
For a \$ 25.00 certificate . . . . .	.20
For a \$ 50.00 certificate . . . . .	.25
For a \$100.00 certificate . . . . .	.50
For a \$500.00 certificate . . . . .	1.00

## Judy Garland Finds

For years Judy Garland watched with envy such screen dancers as Eleanor Powell, Ginger Rogers and Rita Hayworth. Her one ambition was to perform complicated routines, proving she could dance as well as sing. Then her chance came. Studio executives informed

Judy that in "For Me and My Gal," now at the Atlas Theatre, she would actually dance. She envisioned herself whirling through the film in the arms of one of Broadway's finest musical comedy stars, her leading man, Gene Kelly.

That was all before rehearsals started. That was before she worked like a day laborer for five long preparatory weeks. From 9 in the morning until nightfall Judy and Gene tirelessly rehearsed. The first task was to map out the type of dance numbers they would do. The story is of a small-time vaudeville team of pre-World War I days, whose ambition is to play New York's Palace Theatre—goal of every vaudeville. The dances therefore had to be in the prevailing vogue of that period.

## Fish Ship Sliced, 21 Feared Lost

HALIFAX (CP)—Sliced in two by a steamship in a midnight collision, the Lunenburg fishing schooner Flora Alberta has been sunk off the Nova Scotia coast with the apparent loss of 21 men of her crew.

Seven survivors of the big tanker, one of Lunenburg's newest fishing craft, rested today in this port, where they were brought after the collision by the merchantman that ran their ship down in the darkness. With them was the body of one of their shipmates who died after the crash.

Another 20 were believed either to have gone down in the severed halves of the Alberta or perished later in the chill Atlantic. The ship carried 28 men when she last left her home port—two men for each of her 12 dories, the captain, engineer, cook and "flunky."

Capt. Guy Tanner, master of the vessel, escaped with a broken wrist. Others of the survivors were in good condition, though one unidentified seaman was reported to have a couple of broken fingers.

The colliding steamship put out three lifeboats and searched the scene for a considerable time before heading for port with the survivors.

One of the boats was badly battered in the rescue operations and had to be abandoned, but not before the men she carried had been taken off. The larger ship,

herself, was only slightly damaged. The schooner went down so swiftly those aboard her had no time to lower any of her dories.

## Launch 6 Warships At Puget Sound Yards

SEATTLE — Six war vessels will be given to the sea at ceremonies at Puget Sound shipyards during the six days ended Sunday, according to officers of the 13th Naval District.

A wooden minesweeper was christened Tuesday.

The destroyer Laws was launched today and a wooden minesweeper was sent down the ways from the plant in Tacoma. Saturday a wooden minesweeper will be launched at Ballard, and the same day, a wooden minesweeper will be sent down the ways at Tacoma. Sunday, in Tacoma, a wooden minesweeper will be launched.

The YMS-291, wooden minesweeper, was built in a drydock, floated and towed to a wharf in the shipyard for christening.

## Returns to Sea

A BRITISH PORT (CP)—Lieut. Dennis Forster, R.C.N. V.R. of Enderby, B.C., a veteran of naval warfare in the north Atlantic and the Mediterranean, is back here after leave in Canada to join another destroyer.

One ship has already been sunk under him, torpedoed during a bombardment of the Libyan coast, and before his leave. Forster spent three months in hospital in Britain recuperating from injuries received then. Forster has spent the last six months at naval barracks in Newfoundland.

## Famed Stage Show Coming to Royal

Theatre-goers who prefer the lighter form of stage entertainment will be delighted to learn that a great musical comedy is to play at the Royal on Friday and Saturday, April 30 and May 1. You guessed it; it's "The Chocolate Soldier," with a superb cast of New York singers and actors and a chorus of beauty and singing excellence. Also a ballet of beautiful young dancing girls. Put on your thinking cap and try and remember some of the exquisite song hits of this great operetta. Then go to the theatre and get a real thrill when you hear them rendered by Virginia Card and Earl Covert.

## 'London Calling'

"London Calling," the revue written and to be produced by Reginald Hincks and presented by the Kiwanis Club, is in four scenes and deals with the London of a quarter of a century ago. The first scene has its locale outside Hyde Park, the second is another street location, the third at the beach and the New Year's Eve in London Town the final. The Hyde Park act opens with the various cries of those with wares to sell and the usual argument between the bus driver and lorry driver quickly develops, which gets the show off at a fast tempo, with bright music a feature.

"London Calling" is in aid of the Solarium and Kiwanis charities and tickets may be obtained from Fletcher Bros. or any Kiwanian. It will be given at the Royal Victoria Theatre Monday and Tuesday next.

## 'Crystal Ball' Held At Plaza-Oak Bay

In "The Crystal Ball," now showing at the Oak Bay and Plaza Theatres, Ray Milland, co-starring with Paulette Goddard, found no difficulty in carrying out his assignment of shooting in a target gallery scene. The Welsh-born star learned to shoot straight while a member of the British Household Cavalry—the King's personal bodyguard. In his first motion picture part, in London, one of his duties was to shoot a small mirror out of the hand of Lya De Putti, English film favorite.

## CAPITOL THEATRE

Mickey Rooney sells his famous jalopy and starts for college, amid hilarious trials and tribulations, in "Andy Hardy's Double Life," which is now playing at the Capitol Theatre. He is "framed" by a girl who insists he proposed to her. When he finally gets his tangled affairs straightened out in time to get the train for college he finds a pretty co-ed bound for the same place. There's more trouble ahead for Mickey.

## Where To Go Tonight

(As Advertised)  
ATLAS — "For Me and My Gal," starring Judy Garland.

CADET — Humphrey Bogart in "Across the Pacific."

CAPITOL — Mickey Rooney in "Andy Hardy's Double Life."

DOMINION — "The Avengers," starring Hugh Williams.

OAK BAY-PLAZA — "The Crystal Ball," starring Paulette Goddard and Ray Milland.

RIO — "Criminal Investigator," starring Edith Fellows.

YORK — Clark Gable and Lana Turner in "Somewhere I'll Find You."

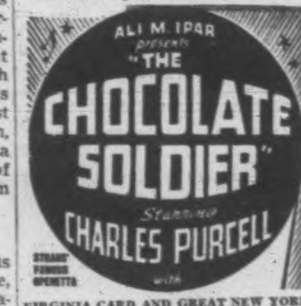

## Desert Victory Comes to Dominion

Before this war is ended more films may appear which will rank with "Desert Victory," which comes to the Dominion Theatre tomorrow, in historic value, in intense drama, in vital human interest. If they do, they will take their place alongside one of the greatest documentaries of our time.

When the British Eighth Army stopped its long retreat at El Alamein, 60 miles from Alexandria, the fortunes of the British Empire had reached a new low. When it resumed the offensive, the tides of war turned against the Axis. When Tripoli was surrendered, 1,300 miles to the west, the Italian empire was extinguished. When the pictorial record of this epic was ready for release the Eighth Army was again on the move, backed by American might, and victory had come to be regarded as a certainty.

## Mystery Drama On Screen at Rio

A swift succession of thrilling events features "Criminal Investigator," the Monogram murder mystery which comes to the Rio Theatre today. Robert Lowery and Edith Fellows play the featured roles, and the supporting cast includes John Miljan, Charles Hordan, John Maxwell, Jan Wiley, Lawrence Creighton, Paul Bryar, Vivian Wilcox and George O'Hanlon. Jean Yarbrough directed under the production supervision of Lindsley Parsons, and the screenplay was written by George Jeske.

## Bogart Has Lead In Cadet Picture

A short time back a startling trio made up of Humphrey Bogart, Mary Astor and Sydney Greenstreet won heaps of praise from both film critics and public alike for their strange, slightly screwy, but always highly entertaining antics in "The Maltese Falcon." That film also brought fame to a newcomer in the directorial field—John Huston, who has since directed Bette Davis' latest starrer, "In This Our Life." Now they are together again in Warner Bros.' Jap-slapping story, "Across the Pacific," which is now being shown at the Cadet Theatre.

## Desert Victory Grips Audience At Dominion Preview

The brilliant strategic mastery of Auchinleck, Montgomery and Alexander revealed in the actual combat pictures of the 8th Army on the Egyptian desert has been integrated into a 60-minute film "Desert Victory," by Lt.-Col. David MacDonald, Hollywood-trained Scotsman now in the British army.

A preview of this monumental record was held this morning at the Dominion Theatre for high-ranking officers of army, air force and navy.

Portraying the relentless drive of men and machinery for some 1,300 miles from El Alamein to Tripoli, the graphic picture co-ordinates splendid photography, unquestionable authenticity, and a commentary that is informative, yet unobtrusive.

There are, of course, no actors in the strictest sense of the word. The faces of the weary, dust-ridden, fly-bitten soldiers are grim.

Surprise attacks on enemy-held forts, surrender of the Italians, a night barrage, long and tortuous supply lines protected by Allied planes, flaming ruins of Rome's army left as deserted souvenirs by a fleeing army—all this and more is skillfully handled in this exemplary picture of final victory after a heavy pounding by plane and panzer.

"Desert Victory" will be shown at the Dominion for three days, starting tomorrow.

## War Committee Discusses Fuel

Care of servicemen's wives and families, particularly in the provision of accommodation and fuel, was looked upon as one of the projects the Citizens' War Service Committee of Victoria could undertake, when members of the committee met recently.

A. H. Pease, honorary manager of the Salvage Corps of B.C., promised that corps trucks would be available for transporting fuel and Alderman J. A. Worthington spoke on efforts being made by the city to establish a fuel supply for distress cases only.

Necessity of using all possible volunteer labor, though funds would continue to be provided for national organizations, was urged upon the committee in a communication from the Department of National War Services.

Dr. E. C. Hart, coroner, reported today having conducted an inquiry into the death of Carl Erick Atkinson, five-year-old son of Mr. and Mrs. W. Aronson, 582 Hillside Avenue, whose body was found Tuesday night in the Inner Harbor, and because of a lack of evidence no inquest would be held. The result of his inquiry was a verdict of found drowned.

## Schoolboys Put Ties On Railroad Tracks

Burnside School students were blamed by city police today for a playful attempt, which might have brought death and disruption on the C.N.R. branch line.

E. A. Merritt, yard master of the C.N.R. at Point Ellice, reported railroad ties had been put on the track near Cecilia Street. Luckily the engineer of a train noticed the ties and was able to bring the train to a stop.

Warnings to the school students are being arranged.

## Auxiliary Firemen Need 10 Recruits

An urgent appeal for at least another eight or 10 men to train as auxiliary firemen was made today by Fire Chief Alex Munroe, who said it was vital to bring the auxiliary fire service up to strength in case of an emergency.

Several trained auxiliary firemen have been lost to the services and war industries recently, the chief said. Men volunteering for service will be trained once a week to combat incendiary bombs and fires started by other sources.

Adequate equipment, of the most modern type, is available for auxiliary firemen. If sufficient recruits are secured a class will be held at any time convenient to them, the fire chief said.

Value of auxiliary firemen during an air raid has been proven during the Battle of Britain, when auxiliary firemen battled side by side with regular firemen to save life and property.

## Canadian Soldiers Eager to Fight

NEW YORK (CP)—C. George McCullagh, publisher of the Toronto Globe and Mail, arrived here today by trans-Atlantic plane after visiting Britain, northern Ireland, north and central Africa and Trinidad.

Of his trip to Africa, the publisher said he was impressed by the fact that British and U.S. soldiers, "who are comrades in arms, are developing an understanding and appreciation of each other which promises to dissipate petty prejudices between the two nations after the war."

"The people of Britain are eulogistically affectionate about the Canadian army," McCullagh said. "The R.C.A.F. has captured the hearts of the people over there."

"I found a great measure of co-operation exists between R.C.A.F. headquarters and the R.A.F."

A public reception to enable Victorians to meet the Hon. John Bracken, national leader of the Progressive Conservative Party, and Mrs. Bracken, will be held in the rooms of the Conservative Association, 625 Fort Street, Monday at 8.15 p.m.

## TOWN TOPICS

The Provincial Museum will be closed to the public Good Friday.

The Victoria and Island Gliding and Soaring Club Inc. was registered under the Societies Act in the Parliament Buildings this week.

City police early today found on Fort Street a car reported by the owner, C. W. Marshall, 925 Mason Street, to have been stolen late Wednesday from Broughton Street.

New companies incorporated at the Parliament Buildings in recent days include Cartier Limited, \$10,000, Vancouver; Allen Creek Logging Co. Ltd., \$10,000, New Westminster; Swap Services Limited, \$5,000, Vancouver.

The city's Aged Men's Home committee Wednesday discussed the possibility of establishing an infirmary for indigent men, women and children at Elk Lake as a Greater Victoria postwar rehabilitation project. Suggestions the undertaking be financed by federal or provincial governments with the city, Oak Bay, Saanich and Esquimalt sharing maintenance costs were advanced. A further report on the matter by F. A. Willis, committee chairman; D. K. Kennedy, building inspector, and G. Havard, Aged Men's Home superintendent, was asked by the group. Expenditure of \$336.20 on new stairs and a sidewalk for the existing Aged Men's Home was recommended.

## Steel Mill Needs Private Financing

VANCOUVER (CP)—A suggestion that substantial private capital must be subscribed before British Columbia can hope for federal government co-operation in establishing a \$16,000,000 steel industry on the Pacific coast is contained in a letter from Pensions Minister Mackenzie read to a special civic steel committee here.

"I am advised," Mr. Mackenzie wrote, "that the Minister of Munitions (Hon. C. D. Howe) feels rather strongly that he would prefer to see an industry of this sort developed through the efforts of private capital to at least some extent."

The committee agreed to accept Mr. Mackenzie's suggestion to consult R. W. Mayhew, M.P. for Victoria, and G. G. McGeer, M.P. for Vancouver-Burrard. Ald. Jack Price said "apparently they are fully posted on the government's attitude and it is imperative we find out what it is."

## Must Recast Law Imprisoning Gandhi

LONDON (CP)—Invalidation of a section of the India defence regulations under which Mohandas K. Gandhi and other All-India Congress Party leaders have been detained caused widespread speculation in Britain today, but informed quarters said the release of Gandhi and the others was "most unlikely."

The India Office initiated inquiries in New Delhi to determine the exact effect of the court's ruling.

It was not regarded as likely that Congress Party agitators would be turned loose to resume their campaign of disturbances, if it could be avoided, because of the grave view which both the British and the Indian governments took of Gandhi's campaign at a time when Japanese invasion threatened India.

In delivering the judgment at New Delhi, Sir Maurice Gwyder, Chief Justice of India, said "our decisions may be the cause of inconvenience and possibly embarrassment, even thought temporary, to the executive authority." He expressed his regret, but added the hope that extraordinary wartime powers would be more precisely defined in the future to protect the King's subjects against illegal arrest.

(Some 8,000 prisoners were detained in India in connection with last year's disturbances.)

CHARLOTTE, Mich. (AP)—Former Governor Luren D. Dickinson died today at his farm home near here at the age of 84. He suffered a heart attack Wednesday.

## Retreat Ceremony Tonight

## Full Holiday Program For Fourth Victory Loan

A full and inspiring program has been arranged for the wind-up of the preliminaries to the opening of the campaign for the Fourth Victory Loan Monday.

Good Friday will be marked by a concert in Beacon Hill Park at 3 by the massed military bands of the Sixth Division directed by Bandmaster G. F. Bower, who will be assisted by Bandmasters P. F. Belya and F. Delamont.

During the program announcements concerning the Fourth Victory Loan will be made through loud speakers which have been installed at the bandstand for the occasion. The program follows:

March, "Standard of St. George" (for St. George's Day), Alford.

Overture, "Rosamunde," Schubert.

Oriental Fantasy, "In a Chinese Temple Garden," Ketelby.

March medley, "Col. Bogey on Parade," Alford.

Selection by pipers of 2nd Canadian Scottish.

March, "Viscount Nelson," Ziehl.

Suite, "London, Day by Day," Coates.

Hymn, "Eternal Father."

WEEK-END HIGHLIGHT  
Highlight of the week-end will be the flag raising ceremony in front of the Parliament Buildings on Saturday at 3, preceded by a downtown parade.

The parade will start at the

City Hall at 2:30 and will be led by the R.C.N. band, Sea and Air cadets participating. The route will be south on Douglas to Fort Street, west to Government Street and south to the Causeway at Government and Belleville streets.

Mrs. R. P. Butchart will preside at the flag-raising ceremony and a five-minute address on the Fourth Victory Loan will be given by Hon. K. C. MacDonald, B.C. Minister of Agriculture. A brief prayer will be delivered by Rev. George Biddle.

REEVES INVITED  
Stressing the community-wide nature of the loan campaign, Mayor McGavin and Reeves and mayors of adjoining municipalities will be present in their official capacities. This is in keeping with the challenge issued to Greater Halifax by Greater Victoria for a Victory Loan contest on a dollar-to-dollar basis.

Residents of Oak Bay, Esquimalt and Saanich are informed that their subscriptions to the loan, while credited to Greater Victoria for purposes of the contest, will still be counted in the individual total of their respective municipalities.

Tonight's feature will be military "Retreat" to be carried out by a full military detachment of the Sixth Division at the flagpole in front of the Parliament Buildings with massed military bands supplying the music.

Princess Norah Free

Ms. Princess Norah, after nearly 48 hours ashore on Little Zero Rock, off Cordova Bay, came off on high tide early today and is now at drydock for survey and repairs.

Damage is expected to prove considerable and the vessel will be out of service for some weeks.

Chick Johnson Here Is Publicity Shy

Chick Johnson, member of the lunatic comedy team of Olsen and Johnson, was a shy, shy visitor to Victoria today and yesterday.

Mr. Johnson, reportedly on a trip for a rest, arrived in Victoria Wednesday afternoon and left on the noon boat today.

Accompanied by his secretary, Fred Carley, of New York, Mr. Johnson was approached for an interview, and made an appointment for an hour later. He checked out 10 minutes after making the appointment.

Mr. Johnson, member of the team that starred in "Hellzapoppin," a Broadway success, later made into a movie; "Sons of Guns," and numerous other hits, played in vaudeville for many years, and toured Vancouver in the old days of the Orpheum circuit.

Astronomer Tells Of Stellar Analysis

Final meeting of the spring session of the Royal Astronomical Society of Canada, Victoria Centre, was held at the Pemberton Building Wednesday night with Dr. A. McKellar, vice-president, in the chair, and Dr. K. O. Wright of the Dominion Astrophysical Observatory, Saanich, guest speaker.

Dr. Wright said great storms occur on the sun as identified by sun spots.

The sun, he said, is an ordinary star, larger than the smallest stars but smaller than the giant stars. One wonders what great disturbances occur in the atmosphere of these giant stars.

Robert Peters described stellar phenomena for the next month.

Coal Output Down

Once again B.C. coal output has decreased, according to the monthly report of the Department of Mines.

Last month 171,106 tons were produced in the mines of B.C. compared with 186,080 tons in March of 1942.

Output of Vancouver Island mines dropped from 77,761 tons a year ago to 71,363 tons last month. The East Kootenay district, the largest producing area in the province, dropped from 94,996 tons to 82,254 tons.

Health Conference Hears of War Gas

Protection against and treatment for injuries resulting from gas warfare were described by Dr. J. L. Gayton, director of the Saanich Health Unit, at the conference of the Public Health workers which held closing sessions after a four-day conference, in the Empress Hotel today.

Dr. Gayton outlined the various types of gas which might be employed, and divided them into classes on the basis of their effects on the human body.

Miss D. E. McKenzie gave a brief report on her work as public health nurse in Kelowna and Mrs. R. McCubbin, public health nurse of Saanich, told of a survey made of school lunch boxes which resulted in endeavors to improve the quality of children's noon-day meal.

Details of a legacy reported left to Ross Bay Cemetery by Amice C. Roberts, Chicago, were sought by M. F. Hunter, secretary of the cemetery board today. The bequest was announced in a letter from administrators in Chicago.

## Quick Retaliation If Nazis Use Gas, Says Churchill

LONDON (CP)—Asserting it had received reports that "Hitler is making preparations for using poison gas against the Russian front," the British government asserted today that any use of gas by either Germany or her satellites would bring immediate reprisals in kind against military objectives "throughout the whole expanse of Germany."

The government's statement was issued by Prime Minister Churchill from 10 Downing Street and newspapermen were called into an extraordinary session early this morning at the Ministry of Information to hear it.

The BBC also quickly beamed shortwave broadcasts to Germany, directly informing the German people what they could expect if their leader orders the use of gas. The broadcast emphasized the United Nations' air superiority and quoted the Prime Minister's comment that "British resources and scale of delivery (of gas warfare facilities) have greatly increased since last year."

PLEDGE GIVEN  
The Berlin radio, replying to the British statement, quoted German foreign office circles as asserting Germany would stand by a pledge given last year that she would use poison gas only if her enemies used it first.

The broadcast, recorded by the Associated Press, said Berlin political circles termed Mr. Churchill's declaration "provocative."

Britons began checking over their gas masks, with which every citizen of Britain is equipped, after Herbert Morrison, Minister of Home Security, cautioned them two days ago that the danger of the use of gas was not past. His warning followed the assertion of Wing Cmdr. E. J. Hudson, inspector-general of civil defence, that "if Hitler thought he could secure tactical surprise by using gas he certainly would."

Mr. Churchill's statement said the report of Germany's intentions had come from "several sources." A Soviet official, meanwhile, declared that "we have passed on to the British foreign office information that supplies of gas recently have been reaching the German armies on the Russian front."

WILL RETALIATE  
Slightly less than a year ago, Mr. Churchill commented on similar reports that the Germans were testing the use of gas in the Crimea, where the official Russian news agency Tass said German troops had used land mines containing poison gas.

The Prime Minister quickly asserted that his government would consider the use of poison gas against Russia as if it were against Britain and promised "if we are satisfied that this new outrage has been committed by Hitler we will use our great and growing air superiority in the west to carry gas warfare on the largest possible scale far and wide against military objectives in Germany."

Rotary Club Prizes Awarded 'Commandos'

Like any soldier receiving honors for devotion to duty, "Explosive Commandos" from the ranks of Greater Victoria schools yesterday afternoon received high praise from Lieutenant-Governor W. C. Woodward when he presented the 24 highest fat collectors with prizes in the form of War Savings.

The ceremony took place in the Cloverdale Depot of the Salvage Corps of B.C., where each child was introduced to the Lieutenant-Governor by A. H. Pease, honorary manager, before an audience which included school teachers, students, salvage officials and representatives of the Rotary Club.

Congratulating the youngsters on having achieved the finest record for salvage collection on the continent, the Lieutenant-Governor said:

"You are doing an extremely worthwhile job in collecting fat, which is one of the most essential salvage materials, and will be converted into explosives. You students, and adults, too, of the Salvage Corps have given salvage collectors in the rest of Canada and the United States a record to beat."

Nine-year-old Lloyd Orchard won first prize of \$15; Roderick Hencky, second, \$10; Grace Barnsley third, \$7; and Benita Chan and Bob Bowcott, who tied for fourth place, \$5.50 each. The remainder, who received \$3 each, are Richard Birch, Noel Bechtel, Norman Hansen, Bhagot Roff, Mary Lou Dan, Joe McIntyre, George Little, Dan Murray, Mervyn Lee, Kenneth Hoie, Ann Draper, Russell Dempster, Ruth McLaren, John Crispall, Jim Ball, Patsy Bechtel, Ronald Reid, Warren Farrington and Harold Parbury.

The Lieutenant-Governor was accompanied by Mrs. Woodward

and his aide, Lt.-Col. Brooke Stephenson. Others present were Miss Sara Spencer, president of the Salvage Corps; Louis Michelin and Walter C. Hitchcox, representing the Rotarians, the club donating the \$100 worth of War Savings prizes; Capt. F. G. Dexter, supervising principal of Oak Bay schools, and Cmdr. J. S. Hinecks, director of Salvage operations at the barn.

After awards were distributed, officials and guests were served refreshments, and the children ice cream, after which a tour of inspection was conducted through the depot.

Claim Stock Order Will End Small Farm

New federal marketing regulations covering livestock are discriminatory against the small farmer and in favor of big interests, and will force the small man off the farm, F. C. Blake, president of the Metcosh Farmers' Institute, told Mayor Andrew McGavin today. He approached the mayor in a campaign he intends to spread to all civic and municipal leaders throughout the island against orders which he claims prevent farmers from doing their own butchering for retail sales.

Selling animals on the hoof, he said, will entail a 50 per cent loss

to the small farmer. He is planning to sell his own 325-acre farm on which he has invested \$28,000 owing to the new law which became effective April 17.

At the mayor's suggestion, he and J. B. Edwards, a director of the institute, planned to see R. W. Mayhew on the issue without delay.

Maury Maverick, ex-mayor of San Antonio, Texas, now U.S. Government Division War Production-Board official, with headquarters at Washington, D.C., today paid his respects to Mayor Andrew McGavin in the course of a flying visit here.

**British, American Policies Compared**

The first Governor-General's gold medal, highest award for arts graduates at U.B.C., almost became a Peterborough canoe.

The man who tried to effect the metamorphosis back in 1916, returned to B.C. Wednesday as Lennox Mills, Ph.D., M.A., B.A., professor of political science at the University of Minnesota, temporarily lecturer to the Institute of International Relations.

Dr. Mills, a native of Vancouver, said when the prize list for arts graduates in 1916 was published he aimed for second place, for which the award was \$50 cash. He came out on top, however, and tried in vain to sell the gold medal for cash to buy a Peterborough canoe.

"I've still got the thing," he said regretfully, referring to the medal.

Dr. Mills made a brief visit to Victoria Wednesday and was interviewed at Empress Hotel. He spoke last night to the Victoria branch of the Institute of International Relations on "Comparisons between British policy in Malay and Ceylon and American policy in the Philippines."

He gave it as his personal opinion that the many refugees from Malaya now in Victoria will most likely find an opportunity to return to the east after the war. Britain, he said, is almost certain to take over Malaya, but the future of Hongkong is doubtful.

Dr. Mills said U.S. and British colonial policies both reached the same ends, the difference being that the former took short cuts while Britain believed in a gradual process.

In the Philippines, he said, 90 per cent of the natives knew little of the processes of democracy and though they had local self-government, had no democracy.

Self-government in India, he said, would mean establishing a dictatorship by the All-India Congress party under the thumb of one man, Gandhi, who had achieved his eminence by religious domination.

Besides his B.A. from U.B.C., Dr. Mills received an M.A. from the University of Toronto and a D.Ph. at Harvard, besides taking up a fellowship at the University of California and winning a Rhodes Scholarship at Oxford. He has been at the University of Minnesota since 1927, and is the author of five books which have established his reputation as a leading student of British, Dutch, French and U.S. colonial areas in Asia.

**Canadian Football Title Game Saturday**

When the St. Louis College Combines take the field against Kitsilano—High of Vancouver Saturday for the interscholastic championship of British Columbia, there will be a little better balance between the two teams than there was a year ago when the college was heavily outweighed both in line and backfield. The match will be played at Macdonald Park, starting at 4.

The Combines will appear with plenty of weight in the line as these figures show: Brown, 195; V. Clarkson, 180; Scott, 170; Bal-four, 175; Scholey, 170; Shaw, 160; R. Clarkson, 160. The backfield averages rather light with Dan O'Connell at 175 pounds, the only heavy man. However, Thorburn and O'Connell supply plenty of plunging power, and Dick Chungranes is one of the fastest men in local football.

Tilian, celebrated Italian painter, continued to paint until the time of his death at the age of 90.

**Labor Protests Living Cost Index**

Victoria and District Trades and Labor Council Wednesday night protested the manner in which the federal government computes its cost of living index in this area.

Delegates said there was a wide range between the prices at which commodities were supposed to retail, according to federal regulation, and the amount asked for such articles. Consideration was given a proposal to call a mass meeting on that question.

The meeting also voiced protest over the allegation representatives of labor appointed to act as an advisory committee on technical training were virtually ignored. The manner in which training was undertaken for vital industries was strongly criticised.

Fears that records kept by selective service officials might form the basis of a blacklist for future use were voiced by delegates, who called on the council to study that phase of selective service with a view to finding some means by which possible future discrimination could be prevented.

**DISCOURAGE OVERTIME**

A serious view was taken of the effect of new taxes on overtime work, delegates expressing opinion they would tend to curtail production of vital commodities and war supplies.

Unanimous approval was given a resolution from the Carpenters' Union asking the government to provide each individual worker with a quarterly statement of deductions made on pay cheques for compulsory savings and a written assurance that such savings would be repaid at some date after the war.

Supporting a motion by George Wilkinson, the council called for equal pay for women in the armed forces who do work previously done by men. An assurance that course would be followed had been given by the government, delegates were informed. On that ground they asked the promise be implemented.

The City Council's action in declining a cost of living bonus increase to employees was criticized and aldermen supporting the increase were complimented on their stand.

**LABOR RELATIONS GROUP**

The council appointed P. Rayment, chairman, George Wilkinson, Wm. Caird, F. Bevis, A. Sims, G. Pyper, E. Belton and H. Rowland to a labor relations committee to take up various problems confronting labor with a view to relieving grievances.

A donation of \$25 to the Solarium was reported by Mr. Wilkinson from the Retail Clerks' Union, which has also pledged its fullest support to the Victory Loan.

Wm. Gennoe, International Moulders, and Chas. Peck, International Electrical Workers, reported initiation of women into their unions for the first time in history.

C. W. Marshall reported fully on the recent meeting on fuel under the auspices of the V.I. Joint Labor Conference, said a capable committee had been set up and expressed opinion some results would be forthcoming shortly. He also gave an account of the meeting this week at the City Hall on the military hospital scheme. A resolution was carried supporting establishment of such a hospital in this area.

George Pyper, United Association of Journeymen Plumbers and Steamfitters, and James Green, International Barbers' Union, were seated as delegates.

**HOW DO THOSE BRITISH WOMEN "CARRY ON"?**

British women have shown they know how to "keep going!" And a survey recently made throughout Britain shows that they voted for Aspirin as one of the three drug items most truly needed for maintaining their health and morale.

Especially now, with so many millions in full-time war industries, Aspirin has become almost "standard equipment." Women know, from many years of experience, that Aspirin gives effective, dependable, speedy help against colds.

They don't have to wait for it to work. In less than 2 seconds, Aspirin is right on the job... starting to relieve fever and stiffness, muscular aches, and the headache from colds. Aspirin is rated as one of the safest of all analgesics... yet it costs less than 1¢ a tablet in the economy bottle.

Be glad you have Aspirin here. Always keep some handy. Aspirin is made in Canada, and "Aspirin" is the trademark of The Bayer Company, Limited. Look for the Bayer cross on each tablet. If you don't see this cross, it isn't Aspirin.

**Organization Key Of Civilization**

Organization, Dr. T. A. Rickard told a joint luncheon meeting of the Victoria Music Teachers' and Authors' Associations Wednesday, was the key word in defining civilization, for if not organized, a group of people is merely a mob.

Dr. Rickard said civilization was the result of organized effort for the purpose of promoting the enjoyment of human life for a few, as in the past, or for the many, as in the present. He said that in order to build the future there is no room for individualism, nationalism and isolationism.

"Co-operation and interdependence are essential to a civilized world," he said. "No nation, controlled by an intelligent government, can ignore the part it has to play in the comity of nations."

He said the Nazi doctrine ignored all benevolent ideas, and derided the basic concepts which make community life possible. He said co-operative effort, not individual effort, had been the prime factor in the development of civilization.

He urged removal of tariff walls by gradual extension of reciprocity treaties.

"That is a good word, reciprocity," he said. "It bespeaks a policy of give and take, of friendly co-operation. Let us rid ourselves of half-baked youthful ideas; let us face the realities as grown men; and women. The chief of these realities is the inescapable interdependence of peoples of the earth."

James Morton thanked the speaker, Miss Ethel James, president, was in the chair. Before the luncheon a business meeting was held at the Y.W.C.A.

Tribute was paid to the memory of Dr. J. E. Watson, first president of the Victoria Music Teachers' Association. Mrs. T. B. Inglis spoke for the Women's Regional Advisory Committee. Mrs. H. T. Atfield was appointed liaison officer for the branch.

## C.N.R. to Drill For Vermilion Oil

EDMONTON (CP) — Drilling by the Canadian National Railways in the Vermilion oil field, 130 miles west of here, will start as soon as weather conditions are suitable, R. C. Vaughan, president of the C.N.R., said in an interview here today.

Equipment has been moved to the field and a cleaning plant, to prepare oil for locomotive use, will be erected at the drilling sites.

The amount of money to be spent in the drilling projects "depends on what we strike," he said. Referring to the movement of

wheat and coarse grains from Canada to the United States and the storage of Canadian wheat, Mr. Vaughan said he did not anticipate any serious difficulty.

The United States, he said, will loan a certain number of cars for the grain movement from Canada to the United States and added that new box cars on order should be delivered shortly.

## 2 Girls Kill 59 Nazis

MOSCOW (AP) — Two sisters in a Red Army tank unit, Anna and Maria Gotovtzevas, have killed 59 Germans and destroyed two tanks. Two machine-gun nests, a mortar and a motorized gun, it was reported here.

## Foreign Exchange

NEW YORK (AP) — Foreign exchange late rates:

Canada — Official Canadian Control Board rates for U.S. dollars: Buying—10 per cent premium, selling 11 per cent premium, equivalent to discounts on Canadian dollars in New York of buying 9.91 per cent, selling 9.99 per cent.

Canadian dollar in New York open market 9.916 per cent discount or 90.43% U.S. cents, up 1.16 cent.

Europe — Great Britain official (Bankers' Foreign Exchange Committee rates) buying \$4.02, selling \$4.04.

Latin America — Argentine official 29.77; free 25.00, off 15-100

**BANK OF ENGLAND STATEMENT**

LONDON (CP) — Note circulation, as reported by the Bank of England in its weekly condition statement, increased \$4,358,000 to the record total of \$947,852,000.

Gains of \$8,964,000 were shown in private deposits and almost \$2,000,000 in government securities but these increases were offset by a loss of \$11,599,000 in public deposits.

The proportion of the bank's reserve to liabilities this week was 26.4 per cent compared with 34.0 per cent the same week a year ago.

## London Market

LONDON (CP) — Industrial shares were relatively steady today despite the market's inability to hold in full the moderate gains established in the early dealings.

Profit-selling was invited by the new advance on top of yesterday's sizable upturn. Utilities showed considerable activity for a time, especially the lower priced group. Volume topped 1,000,000 shares.

McIntyre Mines climbed 1 1/2 points to head the Canadian group. Dome was up 1/4 and Lake Shore 1/8. Distillers Corporation slipped a point.

**Dow Jones averages closed today as follows:**

30 Industrials — 134.20, up .20  
20 rails — 35.00, off .01  
15 utilities — 19.16, up .05  
Total sales 1,249,290 shares.

## Bank Clearings

Bank clearings for the week ending April 22:

1943 1942  
Vancouver — \$31,061,442 \$24,045,822  
Victoria — 2,129,228 1,871,677  
New Westminster — 531,149 507,282

## New York Stocks

NEW YORK (AP) — Stocks were relatively steady today despite the market's inability to hold in full the moderate gains established in the early dealings.

Profit-selling was invited by the new advance on top of yesterday's sizable upturn. Utilities showed considerable activity for a time, especially the lower priced group. Volume topped 1,000,000 shares.

McIntyre Mines climbed 1 1/2 points to head the Canadian group. Dome was up 1/4 and Lake Shore 1/8. Distillers Corporation slipped a point.

**Dow Jones averages closed today as follows:**

30 Industrials — 134.20, up .20  
20 rails — 35.00, off .01  
15 utilities — 19.16, up .05  
Total sales 1,249,290 shares.

## Prices Steady

TORONTO (CP) — The gold shares perked up a bit, and the other groups remained fairly steady in dull trading today. Volume was around 250,000 shares.

The exchange will remain closed tomorrow, Good Friday, and will hold regular sessions Saturday and Easter Monday.

## Grain

WINNIPEG (CP) — Wheat prices eased fractionally as hedging sales outweighed buying orders on Winnipeg exchange today.

Southern houses were credited with most of the buying while mills and shippers offered some support.

No export business in Canadian wheat or flour was confirmed.

Cash dealings were quiet. Grain inspections at Winnipeg yesterday totaled 245 cars against 576 a year ago.

## Mines Hold Firm

VANCOUVER (CP) — Trading totaled 9,100 shares on the Vancouver Exchange this morning.

Oils were somewhat soft, but mines maintained firm prices.

Bratton was up 15 at 9.40 and Goldconda remained at 5 1/2. In oils C and E dropped 3 to 1.52 but Vanalta climbed 1/2 to 7.

## Markets Close

Easter holidays will be observed with the usual closing down of all principal North American securities and commodities exchanges Good Friday, but all will function as usual Saturday.

Exceptions to the Good Friday closing will be the various livestock and dairy markets, which will be open for business.

Montreal and Toronto stock exchanges and Winnipeg grain market will be closed Good Friday.

Following the procedure since the outbreak of the war, the London Stock Exchange will transact business on Good Friday.

## Calgary Livestock

CALGARY (CP) — Cattle 93, calves 3, hogs 197, sheep 43.

Good-choice butcher steers 11.50 to 12.00, common-medium 10.00 to 11.00. Good choice butcher heifers 10.50 to 11.25, common-medium 9.25 to 10.25. Good cows 8.50 to 9.00. Good to choice fed calves 11.00 to 11.50. Good bulls 8.75 to 9.50. Good-choice veal calves 12.00 to 13.00. Good stocker and feeder steers 10.50 to 11.25, common-medium 9.25 to 10.25. Good lambs 13.00 to 13.50.

Hogs yesterday 15.40 for B1 yards and plants; 10.75 live-weight yards; 13.40 dressed weight yards and plants.

## Going Big Game Hunting

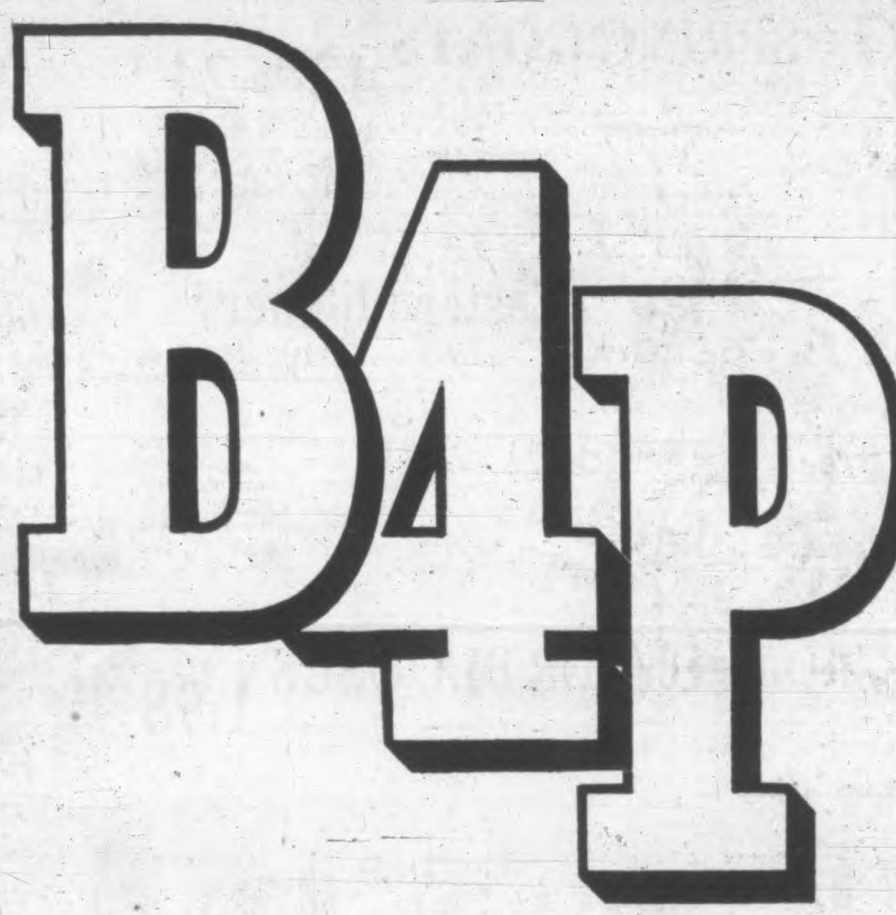

VANCOUVER (CP) — Chick Johnson, New York stage and screen comedian, will leave Vancouver April 29 with G. L. Pop and Elmer W. Andrews of Vancouver on a bear-hunting trip in northern British Columbia. After a month in the north he plans to return to Hollywood for a picture, "Crazy House."

## SHERRITT-GORDON REPORT

Sherritt Gordon Mines treated a record tonnage of ore in 1942, but the grade was lower so that output of copper was slightly under that of 1941, the annual report revealed yesterday.

Net income was shown at \$465,255 for 1942 compared with \$123,308 the previous year, this working out at 7.9 cents and 2.1 cents a share for 1942 and 1941, respectively.

The company has been requested to increase production of both zinc and copper.

**You will see these signs everywhere around Consolidated nowadays.**

No, it's not a mysterious code for war time direction. To the thousands of men and women at Consolidated it means "Boost for Production." This was not an idea of the management. It came as a spontaneous effort from the employees . . . the men and women on the firing line of production.

When, in Britain's hour of trial Churchill asked for more planes, more ships, more guns, more tanks, our people knew what he meant . . . he must have lead for high octane gasoline, for detonators and for ammunition . . . zinc for alloys, shells, paint . . . cadmium for protective plating . . . magnesium for flares and incendiaries . . . ammonium nitrate for high explosives . . . tin, tungsten and a host of other indispensable items.

Yes, the people of Consolidated plants knew. They understood the important place they occupied in one of the Empire's greatest war plants. They gave their answer by working twenty-four hours a day, seven days a week and with 1800 employees in the armed forces to help man the planes, ships and guns. From the beginning to the end in this great conflict nothing else matters but complete and lasting Victory . . . so it's B 4 P.

### Ospreys Are Experts At 'Dive-bombing' Fish

Among the "dive bombers" of the bird world there are few, if any, which strike with more speed and skill than the osprey. It hits the water with real force when it goes down to capture a fish.

The name "osprey" came from the Latin language, and means "bone-breaker." Thousands of fish are crushed when seized by the strong, sharp talons of this bird.

People often call ospreys "fish hawks," and that also is a good name for them. They make their living almost entirely by

framework of the nest, but other material is used for lining or is placed between the sticks. This material includes seaweed, leaves and mud.

Additions to the nest are made as the years go by. At length it is likely to become a very large affair, weighing 500 pounds or more. Smaller birds have been known to make their nests in spaces between the sticks of an osprey nest!

Ospreys appear to keep their mates "for life." If one of a pair dies, the other one looks around for a new mate.

Soaring over the water in large circles, these big birds spy fish near the water surface. Down they dive, their beaks pointing the way, but just before reaching the water they raise their heads and go in feet first. They wrap their claws about the fish, then rise into the air and fly toward the nest, or some spot on solid ground, to enjoy a feast.

Sometimes an osprey strikes the water with such force as to break a wing. Usually, however, it rises safely with its game.

If a bald eagle is nearby, it is likely to attack the osprey and make it drop the fish—in which case the eagle has the feast.

(For nature section of your scrapbook.)

Osprey landing in nest with fish.

fishing. Now and then they eat frogs and snakes, but in general their food is made up of perch, salmon and other fish.

Ospreys are found on all six of the inhabited continents of the earth. In North America, they range from Alaska and Hudson Bay down through the United States into Mexico.

The osprey may have a wingspread of 5½ feet. Its feathers are mainly brown above and white below.

Usually ospreys build their nests close to the shore of an ocean, sea or lake, or beside a large river. They may choose an old tree or a cliff as a nesting place.

Sticks are used to build the

## THE GREMLINS

## Dorothy Dix:

Dear Dorothy Dix: I don't know how it happened, but quite a few years ago I became an amateur shoplifter. There is no excuse for it. I have a good husband and am very happy with him. I have nice friends. But I just can't help stealing. Maybe it is because I am very poor at budgeting my money and I cover up my spending by pretending that the things I steal are bargains.

After my mother died I quit for two years because I thought that God was punishing me for stealing by taking her. Then I went back to it. What shall I do? Shall I tell my husband about it? He could make me do anything he wanted me to do, but I love him so much I can't live without him and suppose he would cast me off? Please try

to understand me and help me. AN UNWILLING SHOPLIFTER.

Answer: Of course, most shoplifters are just plain thieves, but there is such a thing as kleptomania, some sort of a queer mental quirk that makes people steal things for which they have no earthly use and which they don't want. I have known of husbands, who had wives afflicted with this strange mental malady, who paid any bill presented to them without question rather than have the disgrace of having their wives arrested as thieves.

I think you should tell your husband about your trouble and at least have his moral support in your struggle against it. Perhaps, some competent psychiatrist could help you.

## Now-a-days My BREAKFAST is Bill's SUPPER

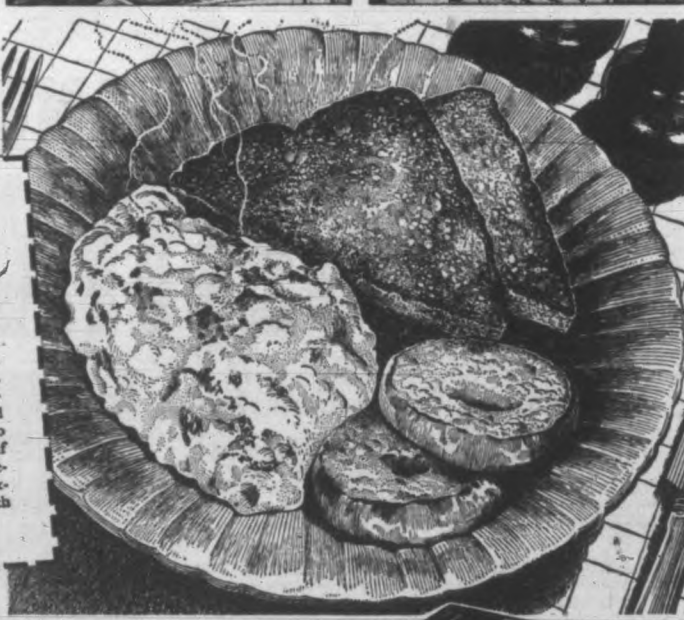

...I FRY QUICK "DOUBLE-DUTY" MEALS THAT ARE DIGESTIBLE!

### NEW! BREAKFAST-SUPPER!

So golden-brown and crispy fried in Crisco!

FRENCH TOAST—Dip slices of bread in a mixture of milk and beaten egg. Fry in hot Crisco till lightly browned on both sides (use plenty of Crisco if you like your French Toast crisp). Sauté Apple Rings. SPECIAL SCRAMBLED EGGS—Combine beaten eggs, shredded dried beef and a little milk. Pour into hot skillet (add more Crisco if needed). Cook slowly, stirring frequently. Serve this tempting breakfast with a dot of jelly in each apple ring.

Don't take chances!  
Fry only with CRISCO!

You pay less than 2¢ a day to do all your frying with Crisco—yet you get these "extras." No heavy smoke and smell with snowy-white Crisco. No greasy taste to your fried foods.

Remember—Crisco itself is digestible! Yes, foods fried in Crisco turn out crisp and light—so easy to digest! So these busy days,

serve plenty of those fried foods families are always begging for. And when your husband asks for "seconds"—don't worry about his digestion.

### No other shortening like CRISCO!

Crisco is made differently. No other shortening has Crisco's cooking secret! You know how much lighter Crisco makes your cakes—how flaky your pie crust. Now see what Crisco can do for your fried foods! And you can fry with pure, all-vegetable Crisco over and over!

### You'll Wish Breakfast Came Three Times a Day

**MALTY-RICH Grape-Nuts**  
Flakes provides grand-tasting, healthful nourishment! Because Grape-Nuts Flakes are made of two grains—not just one.

Sun-ripened wheat and malted barley are blended, baked, then toasted to make this delicious, golden brown flake cereal. Ask your grocer for Grape-Nuts Flakes in the red and white package.

**Grape-Nuts FLAKES**

A Product of General Foods

### You Can Bake Grand Cakes WITHOUT USING SUGAR!

Cake has a real place in wartime nutrition. And Swans Down Cake Flour makes possible grand wartime cakes. Try this Swans Down Victory Cake, easy on eggs and butter—And No Sugar. (WARTIME BAKING HINT—If you are using corn syrup in a cake, measure shortening first. Rub inside of cup with any fat left in it. Then measure syrup—it will pour out of the cup more easily.)

#### SWANS DOWN VICTORY CAKE

1 1/2 cups sifted Swans Down Cake Flour  
1 1/2 teaspoons Calumet Baking Powder  
1/2 teaspoon salt  
1/2 cup butter or other shortening

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening with orange rind. Add syrup gradually, beating well. Add 1/2 of flour and beat until smooth. Add egg yolks, one at a time, beating well. Add remaining flour, alternately with milk, beating very well after each addition. Add vanilla. Beat egg whites until they hold up in moist peaks. Stir quickly but thoroughly into batter. Bake in two greased 8-inch layer pans in moderate oven (375°F) 20 minutes, or until done.

**Use Swans Down for all Sugar-saving Baking**  
Any cake made with Swans Down is extra light, extra tender. Swans Down Cake Flour, made from selected soft wheat, ground super-fine, then sifted and resifted, is 27 times as fine as ordinary flour. For surer wartime baking, use Swans Down Cake Flour.

**SWANS DOWN CAKE FLOUR**

A Product of General Foods

**For Lighter Tea Biscuits—Use Calumet Baking Powder** with its double action. First in the mixing bowl, myriads of tiny bubbles are released to make the dough light. Then in the oven there is a second action, more bubbles raising biscuits high and keeping them there. Low-priced and economical.

**CALUMET DOUBLE ACTING BAKING POWDER**

**ARE YOUR NIGHTS Restless?**

**Try This at Bedtime Tonight**  
If you find it difficult to get to sleep, then sleep poorly, and awaken restless and tired in the morning—try taking a cup of warm Ovaltine at bedtime.

Taken at bedtime, New Improved Ovaltine helps to relieve that feeling of nervous tension. Its special food elements, processed for easy digestion, and its rich supply of Vitamins A, B, and D and the minerals Calcium, Phosphorus and Iron help to replenish worn-out muscle, nerve and body cells.

So why not try New Improved Ovaltine? See if it doesn't help you to wake up fresher and more buoyant. Get a tin at your drug or food store.

**MAIL FOR FREE SAMPLE**  
A. Wander Limited, Dept. 29, Peterborough, Ont.  
Please send me a sample of New Improved Ovaltine and informative pamphlet on its nutritional values. (One sample, only to a person.)

AND TREAT CONTAINING YEAST

Keep your canary singing  
CLEAN, FRESH SEED—The Standard for 40 years

**JUNKET RENNET TABLETS**

The whole family unites in favour of rennet-custards. Made in a moment simply by adding "JUNKET" RENNET TABLETS to lukewarm milk according to directions. Delicious—and so digestible! At all grocers. Also "JUNKET" RENNET POWDER in six popular flavours—vanilla, chocolate, orange, lemon, raspberry and maple.

Write for FREE RECIPE BOOK to "THE 'JUNKET' FOLKS" Toronto, Ontario

**DIRT-CRACKED KNUCKLES**  
**GREASE-FILLED SKIN CREASES**  
**DEEP-CLINGING GRIME**  
**BLACK-EDGED FINGER NAILS**

**CLEAN GRIMY HANDS WITH THIS DIRT-GETTING SOAP**

**Dirtiest hands come clean fast ... free from dangerous germs!**

What if your hands do get covered with dirt and grime? Lifebuoy's deep-cleansing lather will get them spruce and clean again—in a matter of seconds, too! No grimy knuckles left behind. No dirt-filled skin creases.

And Lifebuoy cleansing is mild cleansing. Lifebuoy lather is kind to chapped, dirt-cracked skin! Get plenty of deep-cleansing Lifebuoy today for both the wash-basin and the bath.

**HEALTH WARNING**  
DIRTY HANDS SPREAD GERMS!

IT DOESN'T PAY TO TRIFLE WITH GERMS SO WASH OFTEN WITH LIFEBOUY TO REMOVE GERM-LADEN DIRT

Be wise! Avoid dirt-borne germs by washing hands with Lifebuoy. Its purifying lather protects as it cleans!

**FROM HEAD TO TOE—IT STOPS "B.O."**

LIFEBOUY'S LATHER IS SO REFRESHING—IT STOPS "B.O."—YET IT'S SO MUCH Milder THAN ORDINARY SOAP

**Wash away GRIME • GREASE • GERMS with LIFEBOUY**
